

PATRICK L HANCOCK

SAN ANTONIO CRIMINAL DEFENSE ATTORNEY

Introducing the Newly Designed Hancock Criminal Defense Website and Legal Advice Blog

September 08, 2015

September 08, 2015 - PRESSADVANTAGE -

Patrick L. Hancock is a San Antonio-based criminal defense attorney. For the last twenty-five years, he has been serving clients in the greater San Antonio area, defending their rights in both state and federal courtrooms. His recently redesigned and refurbished Website provides prospective clients with a detailed list of his services, including explanations of which types of cases fall under his firm's purview, and why. Along with this, there are thorough explanations of a variety of legal terms, and examples of situations which might arise during a typical criminal trial, all of which are explained in depth.

The breadth and in-depth nature of the information available at Patrick L. Hancock's Website is suggestive as to both the quality of his services and his dedication to going to bat for his clients' legally supported rights. This is supported by a proven and demonstrable track record at court, along with a significant body of awards accumulated over the course of his career, including nine consecutive inclusions in The Best Lawyers in America and seven consecutive inclusions in Texas Super Lawyers.

The authority and expertise attributed to Mr. Hancock and his firm by this widespread recognition for excellence lends credence to the information contained in both Website and Blog, making the newly

redesigned Website not only a commercial presence, but also a legitimate and free resource for a wide variety of legal information. For those who are in a situation whereby they may require legal assistance, the Website offers a convenient form for the request of a free consultation.

Mr. Hancock's newly refurbished Website may be found at <http://www.hancockcriminaldefense.com>. The blog may be accessed directly through the landing page. Thorough contact forms and related information are available through the main navigation menu.
