October 22, 2020 - PRESSADVANTAGE -

I Clean Carpets And So Much More, a Willow Grove, PA-based carpet cleaning service, would like to reach out to potential customers in the area who may be in need of their specialized services. The carpet cleaning service has built a sterling reputation among homeowners over the last few years due to the higher standards they adhere to. I Clean Carpet And So Much More is a run by a husband and wife duo with Seth, the husband, doing all the manual work with his technicians while Ashleigh, his wife, runs the customer service department. The carpet cleaning service has been described as very friendly and professional, and they are currently looking to expand their operations.

Seth has been in the carpet cleaning industry for over 10 years and recently decided to go out and start his own carpet cleaning service on his own. Having experienced shoddy work and bad equipment under his last employer, Seth wanted to start his own cleaning service with his aim being to provide high quality service using high quality equipment. The COVID-19 pandemic has seen a large increase in demand for service, and I Clean Carpet And So Much More has been labeled an essential service, which means they are available to clean carpets and more throughout the week. Seth and Ashleigh place great emphasis on hygiene as well, which makes them one of the best cleaning services to work with during this pandemic.

?You don't just clean your carpets so they look clean and nice. You also clean them for health reasons,? says the Willow Grove carpet cleaning service. ?We are helping to protect families one house at a time by extracting all of that embedded bacteria and so on. Now, perhaps more than ever with COVID-19, it's crucial that you get your carpets cleaned.?

I Clean Carpet and So Much More is the trusted and preferred local provider of residential and commercial carpet cleaning services. Some of the services they offer include steam cleaning, hot water extraction, carpet stain removal, odor removal, tile and grout cleaning and more. New carpets do not take long to show signs of wear and tear, be it because of pets or children or simply through normal everyday use. Eventually, every carpet needs to be cleaned professionally to rid it of stains and dirt.

?The trained professionals at I Clean Carpets and More steam clean carpet and furniture and restore it to like-new condition,? says the carpet cleaning service. ?Our technicians are skilled at removing tough stains and ground-in dirt. We use the latest cleaning technology to dislodge and extract the particles that ordinary vacuum cleaners cannot. By using just the right amount of water and solution, your carpets will be cleaned without becoming oversaturated and will dry quickly.?

I Clean Carpet And So Much More has received multiple 5-Star reviews from pleased customers on a number of platforms. The service currently has an average rating of 4.9 on Google, and one can find dozens of reviews praising the company's services.

?Truly amazing, you don't know your carpet is so disgusting until these guys clean it for you,? says a customer named Jessica Everett. ?My carpet went from a light brown to a fresh beige pink. And talk about odor, my apartment didn't even smell this nice when I first moved in, seriously. You don't realize how much odor gets in your carpet and stays there. I originally wanted the special, but he knew it needed more. It was worth the extra money to reset my carpet, so I can eventually get my deposit back. i will never use anyone else.?

Another client, Matt Owens, shares, ?I am a business and property owner who hired Seth and Ashleigh in hopes to restore my newly installed carpets that were destroyed by previous tenants. I really didn't think it was possible but Seth and his employees performed miracles in my store and my home. Not only did they do a spectacular job at a reasonable price but their respect and professionalism was above and beyond anything I would have expected. Do yourself a favor and hire Seth and Ashleigh for all your carpet needs.?
