In another recent review Jody Blanche describes their experience with the company: ?I have used WeCutUglyTrees, twice. The first time, they cut down and grinded stumps on two trees. Dale gave me a very good price and they did an

excellent job. The second time, I noticed that two of my trees were leaning up against my gate. I called Dale and he gave me an estimate the next day. It was FAR less than what I thought I was going to have to pay. His crew arrived on time (very important to me) and did an outstanding job! They took care of the problem branches and also trimmed everything up and made my backyard look gorgeous. Before they left, they cleaned everything up so well that I couldn't even tell that they had been there except that my trees were beautifully trimmed. I can not say enough good things about this company. Thank you SO MUCH, Dale! Outstanding!?
