Fort Wayne Plastic Surgery Clinic Celebrates Success In Newest Location

October 14, 2020

October 14, 2020 -
Indiana-based Diepenbrock Facial Cosmetic Surgery is delighted to share that they are now able to see patients in Warsaw. The practice looks forward to scheduling new patients who wish to bring out their inner beauty.

"We are very happy about this new location and the warm welcome that the community has given us," states Dr. Diepenbrock, the clinic?s Facial Cosmetic Surgeon. The clinic?s Warsaw premises brings their total number of locations to three, with the first one located just outside the Fort Wayne area.

Dr. Diepenbrock continues, "We have been looking forward to opening this new location for a long time since we are always seeking out new ways to have a positive impact on our community. We offer the same great services our patients have come to expect at our other locations, and we want to reassure them that they can expect the same level of compassion from every new member of our staff as well. Every effort has been made to ensure we deliver the results you want and the recovery experience you deserve."

The new Warsaw clinic offers a broad selection of cosmetic procedures, including Face Lift, Eyelid Lift, Nose Surgery, Facial Implants ? and the all-new Facial Contouring. Some non-surgical procedures are also available, including Skin Rejuvenation, Botox Treatments, and Lip Enhancement and more. All of these procedures are carried out by Dr. Diepenbrock, a highly experienced and skilled Facial Cosmetic Surgeon who uses state-of-the-art equipment that supports his drive to achieve the best results possible.

Dr. Diepenbrock maintains a strong sense of commitment towards each of his patients. He is a double board-certified Facial Cosmetic Surgeon, one of the few who completed an American Academy of Cosmetic Surgery accredited fellowship in facial cosmetic surgery. Due to his unique and highly specialized training, Dr. Diepenbrock focuses solely on the face. He is widely regarded by both his colleagues and the community as one of the best surgeons in the area.

He says, "Everyone has their own perception of beauty. We take in everyone's viewpoint very seriously, discussing every patient's different options until we reach a point where we are certain that they will be happy with the result of the surgery. Once we agree on a clear goal for the surgery, we utilize state-of-the-art proven techniques to optimize your experience and your results."

The Diepenbrock Facial Cosmetic Surgery clinic has received several customer reviews that attest to the excellence of their services. This feedback places them high among the best clinics in the area and contributes to their remarkable reputation. They also boast multiple perfect review scores on review platforms such as Yelp and Google (both for their Warsaw office and their other locations) as well as other health-focused platforms like Vitals and Healthgrades.

Through their website, for instance, they highlight Chelsea G.'s review, which says, ?Easiest and best Botox experience ever! Dr. Diepenbrock is super down to earth and easy to talk to. I've had Botox done many times before and never was really 100% satisfied and kind of thought that's just what I had to deal with. I ran across Dr. Diepenbrock on Yelp and didn't see a single bad review, so I decided to call. They fit me in right away since they opened up a couple of late evening spots. Once I was in the hot seat and told him my concerns, we got down to poking. Not painful at all, no little ouch marks leftover or anything! And since I am compulsive, I asked about lip fillers and what I could do to get them right now. Dr. Diepenbrock answered every question I could have thought of, and I decided to do that too. Well worth the money!"

The clinic?s website offers more details on Diepenbrock Facial Cosmetic Surgery Warsaw and their services. Interested parties may also reach out to Dr. Diepenbrock to follow up on any inquiries. Patients may connect with the clinic through their social media pages as well. Learn more here: Diepenbrock Facial Cosmetic Plastic Surgery.
