

A Pensacola RV Park is Highlighting Increased RV Sales Amid the Pandemic

October 20, 2020

October 20, 2020 -

Pensacola, Fla. ? Avalon Landing RV Park in Pensacola, FL is excited to announce the increase in RV sales and rentals since the onset of the recent global pandemic. While other travel related industries across the country have seen massive decreases in revenue in light of the pandemic, the frequency of recreational vehicle rentals and sales has increased a staggering 650 percent this year alone. In addition, the RV industry is expected to surpass 400,000 units sold by the end of 2020.

The coronavirus (COVID-19) has led to the large stimulation in the market, as camping is often viewed as a safer alternative to family vacations with vacationers encouraged to try to stay locally. Experts expect the industry to continue growing during 2021. Fortunately for the industry, COVID-19 has also caused lower gas prices and has allowed more people to work from home, making RV travel even more desirable and easier for families. The industry?s increase could also lead to many more much-needed jobs in the nation, being that 60 percent of RVs nationwide are manufactured in America.

Families are choosing to take vacations via RVs to maintain social distancing and not miss out on yearly travel. The RV industry has a total of 100 manufacturers and suppliers, pushing an estimated $114 billion into the nation?s economy each year. With COVID-19 stimulating the RV industry, that number is projected to skyrocket before the end of the year.

Avalon Landing RV Park is a premier RV resort, located just outside of Pensacola. The campgrounds offer their visitors a variety of options for campers, including waterfront, pull-through, and off-water sites. Avalon Landing RV Park provides campers with a unique experience, consisting of various local attractions, an outside pool, and an on-site lake for fishing.
