Buzz?s Bee Removal of Dublin Notice of Merger

November 02, 2020

November 02, 2020 -
Buzz?s Bee Removal of Dublin has provided the residents and business owners of Laurens County with professional pest control solutions for over a decade now. They offer a variety of different services that specialize in any species of stinging pest. Their exterminators have years of experience in the pest control industry and have been professionally trained to handle any infestation out there. Their services are known by local residents as being super effective and affordable.

Over the years the company has almost doubled in size and they plan on continuing to grow in the future in order to help as many people as possible. They plan to do this by hiring more exterminators and purchasing new equipment to help them do their jobs faster and more reliably.

Buzz?s Bee Removal just announced that they will be merging with another pest control company within the next week. The smaller company has decided to remain unnamed for the time being until the merger goes into effect. They will be providing the community with brand new pest control equipment as well as new exterminators.

The president of the company said in a recent interview, ?We have grown super fast over the years and we plan on continuing this fast growth into the future. I just agreed to a merger deal with another local pest

control company that will provide us with brand new equipment and staff. This will allow us to better protect the community as well as expand our reach to help more people.?

The company is known for their reliable services and their team specializes in any species of stinging pest. This includes any bee, wasp, or hornet in the area. This allows them to not rely on generalized treatments but instead use customized treatments that exterminate the pests in a more reliable and timely process. This also allows them to perform extensive prevention measures to ensure that the pests don?t come back in the future.

They have been awarded a ton of amazing reviews for their services by local homeowners and business owners. They will completely eradicate any pests on the target property as well as remove any nest or hive. Their team will repair any damages to the property that the pests might?ve caused.

If anyone in the area has a stinging pest infestation on their property, they should contact Buzz?s Bee Removal of Dublin today. They can be contacted by phone or on their website at www.buzzsbeeremoval.com. Their team of exterminators is on standby 24/7 in order to offer protective services no matter what time it is. Pest infestations should be handled quickly and that is exactly what they do.
