Announcing The Chef's Limited Modern Six Piece Cooking Utensils Set With Center Carousel Stand

September 16, 2015

September 16, 2015 -
Chefs Limited, a business in High Point, NC, is proud to announce that they have launched a six piece set of cooking utensils. As can be seen on chefslimited.com, the set contains everything needed for the modern home chef. Designed with quality and beauty in mind, this can take pride of place in any kitchen.

"We have created a utensil set of the highest possible quality," says Shawn Stanton from Chefs Limited. "However, we also wanted to make sure that it was beautiful to look at. The bold modern design utilizes contrasting black and white colors, which will match with any modern decor."

The utensil set is surprisingly compact, which means it can easily fit on a counter without taking up too much space. It comes with a spaghetti server, slotted spoon, soup ladle, flipper spatula, potato masher and whisk. These are all held together on a beautiful matching swiveling stand that is color coordinated with the utensils themselves. The carousel can rotate a full 360 degrees. This means that once the carousel is put into position, there is no need to ever remove it again, as reaching the utensils is simply achieved by rotating the device.

"All the utensils included in the set include FDA approved nylon heads and have been constructed with quality in mind," adds Shawn Stanton. "They are also heat resistant up to 410F, so they are perfect for non-stick hot cooking. Furthermore, the floating head design means the food you are cooking remains safe from cross contamination, as the head of the utensils don't actually touch the counter surface when placed down."

Further details about the utensils, their construction and how best to use them have been shared through the company's You Tube video. This shows how to easily clean the utensils and that they are dishwasher safe as well. Furthermore, the video provides an opportunity to see what the set truly looks like and how it fits beautifully with today's modern kitchens.

Those who are interested in the utensil set can buy here at Amazon.com. The set also makes for a great gift, particularly for newlyweds.
