

# Award-Winning Company ERTH Hemp Sparks Hope as CBD Hemp Flower Harvesting Begins

*October 30, 2020*

October 30, 2020 - PRESSADVANTAGE -

ERTH Hemp, an award-winning company in the CBD industry, is proud to still be able to provide high quality CBD products during these trying times. Between the supply chain disruption caused by the COVID-19 crisis, and the combination of wildfires and inclement weather sowing chaos in some of the regions most associated with CBD production like Northern California, Oregon, Washington and Colorado, ERTH Hemp's secret growing location and vertically integrated supply chain are providing a spark of hope for CBD consumers, as well as retailers, during these challenging times.

When asked about the location of ERTH Hemp's growing operations, the company spokesperson, Danny Prosser, said, "Well, we're keeping it a secret because no one else has figured it out yet! The conditions are absolutely ideal: warm days, cool nights, high elevation, and it's surrounded by mountains that act as a rain shadow. Plus, with top-to-bottom control over every aspect of the growing and processing process, from seed propagation all the way to the final product, we can ensure the highest quality for our consumers and our wholesalers. And I think our record speaks for itself."

ERTH Hemp is the recent winner of the Best CBD Flower award at the USA CBD Expo in Las Vegas. The expo took place in January of this year with ERTH Hemp winning the award with their CBD hemp flower strain named Cherry Blossom.

Besides award-winning CBD hemp flower, ERTH Hemp also provides a wide range of CBD products for different needs and uses. ERTH Hemp has products for pets, like their bacon-flavored CBD Oil Extract Pet Drops. They have edible products like CBD softgels and CBD mints to provide consumers with a simple, odorless way to enjoy the benefits of ERTH's high quality hemp oil extracts. ERTH also offers CBD prerolls, CBD vape liquid, CBD tinctures and CBD pure isolate to provide a wide selection of options for shoppers and wholesalers.

Interested consumers can stop by EARTH Hemp's retail location at 17905 Sky Park Cir. Ste. J Irvine, CA 92614 between normal business hours or check out pictures of their products on their Instagram @erthhemp. EARTH Hemp can also be reached by phone at 1-866-804-ERTH, or via email at support@erthhemp.com.
