John Gesualdo writes in his 5-star review on Dealer Rater, "Wow, I just can't say how impressed I am with this dealership. This was the 4th new car I have purchased in my life and by far the smoothest and most pleasant experience. My salesperson, Eric H was really phenomenal to work with. I had test-driven the car closer to where I live, but once we knew we wanted the Cross Sport I reached out to a bunch of dealerships in the area to find the best deal. Hudson gave me the best price and located the exact vehicle I was looking for. Our preference was to minimize in-person contact due to the pandemic. This was no problem at all for the dealership (some would not engage with me over email). The entire transaction was completed via email or phone, I think we had one document to sign when we picked up the car which was out front and ready to go when we arrived."

Michael M. talks about the service in his 5-star review on Dealer Rater by saying, "I came all the way from southern CT, and it was more than worth the ride. I also came after work on a Monday and everyone that I dealt with stayed and helped me out to their full extent which already was a blessing in disguise. I found the car I wanted and Ted had called me back within minutes (a lot of the handling was done over the phone and online due to distance) and he helped me along the whole process. Jason was able to explain everything monetary and was also just as kind. A lot of the staff that was on hand was able to introduce themselves. After all was said and done, they both showed me the bells and whistles of my new golf. I appreciate them hanging around beyond the call of duty to help me receive the best experience possible. I'll definitely be back."
