

Mohegan Lake Audi Announces that Their Highly Anticipated Season Of Audi Event is Now Taking Place

November 04, 2020

November 04, 2020 - PRESSADVANTAGE -

Mohegan Lake Audi is pleased to announce that one of this dealership's most highly anticipated yearly sales events is now taking place. It's what the company refers to as their Season of Audi sales event. Customers start to anticipate this happening well in advance because of the many excellent deals and promotions that are associated with it. This dealership has even injected a little humor in this wintertime event by proclaiming that it's the perfect time for someone to "upgrade their sleigh". It's a sales happening that this Mohegan Lake, NY dealership will continue to run until January 04, 2021.

The general sales manager for the dealership, Chuck Reichl, says, "Everyone at our dealership can be found in a great mood during this special event as it's a nice distraction from the current circumstances impacting our area and the rest of the country. That's because our Season of Audi Event helps to put everyone here in a more festive mood. What makes this event fun is it's a time when Audi and our dealership get to give something back to our customers and prospective customers for all that they give to us. The event features a fine selection of quality made Audi vehicles that are great for giving as a unique gift for that special someone or for rewarding yourself for all the hard work you put in during the year."

Reichl went on to say that the highlight of their Season of Audi Event is the credit that their customers can receive when they purchase a new car or take advantage of the Audi lease deals that they are currently offering. This credit ranges anywhere from \$750 on such vehicles as a 2020 A3 Sedan, 2020 Audi Q5, or 2021 Audi Q5 to \$1,500 on such cars as a 2020 A6, 2020 Audi Q7, or 2021 Audi Q7. It's a credit that can only be applied to a new Audi vehicle purchase or lease and is not redeemable for cash. He added that they have a large selection of the vehicles that the credit applies to in-stock and if a customer does not find one they like on the dealership's lot, the dealership is part of a big nationwide network of Audi dealers that can search and find any type of Audi vehicle that the company manufactures.

The company sales manager stated that their new lease deals have been in particularly high demand lately. Vehicles that can be leased include such highly sought-after cars as their Audi Q5 and Audi Q7 models. All that's required when leasing these vehicles is a small down payment and the customer can even choose

between a wide variety of monthly installment payment options. He added that those who prefer not to pay any money out of pocket can take advantage of their Audi 0 down lease arrangements. These leases can be had on such vehicles as the Audi A3 and Q3 models. Gavin says that anyone who stops in and talks with them during this popular seasonal promotion will be taken care of by a knowledgeable salesperson that will work hard to get them into the exact Audi model of their choice.

A large majority of the customers who have purchased a car from this dealership have described their experience as a pleasant one. Ann Sica wrote in her 5-star review, "The Mohegan Lake Audi staff is like no other! They made the purchase of our vehicles smooth, flawless, and seamless. The staff is knowledgeable, professional, and courteous. Barry and Anthony made us feel like family from the moment we walked in! We highly recommend purchasing from Mohegan Lake Audi!" For those in Mohegan Lake and the surrounding areas that would like more information on this big sales event, Reichl says they can call them, shoot them an email, or stop by the dealership and chat with them. He says that there is even an event inquiry form that can be filled out and sent in that's found on their "Specials & Audi Offers" website page.
