Stockton Tree Service Experts Release Video of Five Star Review from Client

November 02, 2020

November 02, 2020 -
Stockton Tree Service Experts, a tree removal service provider in Stockton, California, released a video of a terrific five star review from customer Miranda Hayes. In the customer review, Miranda Hayes mentioned her need was for the removal of two large trees on her property. Stockton Tree Service Experts were contacted. Not only did they come out the same day, but they also did the work of removing the tree that very same day. Miranda referred to them as a "Solid crew" in her review.

This new video review can be viewed at this link: https://www.youtube.com/watch?v=-Twi10yMz-Y.

A representative of Stockton Tree Service Experts, George Salinas says, "Honest reviews of our business are always welcome. We always want to know about our customer's experience with our services. Our goal is to always provide exceptional tree service to all residential and commercial clients looking to maintain or improve the natural surroundings of their homes and businesses ."

More information about Stockton Tree Service Experts can be found at http://www.treeservicecalifornia.com/.

Stockton Tree Service Experts was founded in 1995 and is a family-owned tree service and landscape company. The company has over 25-years of experience caring for the natural landscape of the communities of Stockton, Amador, San Joaquin, Tuolumne, and Calaveras Counties. The company has also recently expanded to the areas of Folsom, Sacramento, Elk Grove, Galt, Lodi, and Sonora, CA.

Stockton Tree Service Experts sets itself apart from the competition by guaranteeing certified arborists to

oversee every job. Company representative, George Salinas stated, "Tree removal can be risky business. To ensure a safe removal process we guarantee that a Certified Arborist for the protection of people and property manages all of our projects. Our arborists have many years of experience and are well equipped to handle almost any issue a tree may be having because of the extensive training they undergo."

An arborist by definition is an individual who is trained in the art and science of planting, caring for, and maintaining individual trees. ISA (International Society of Arboriculture) arborist certification is a nongovernmental, voluntary process by which individuals can document their base of knowledge. Certified Arborists are individuals who have achieved a level of knowledge in the art and science of tree care through experience and by passing a comprehensive examination developed by some of the nation?s leading experts on tree care.

If tree hazards exist and a homeowner believes there is a need for analysis, a certified arborist from Stockton Tree Service Experts can respond to the property and conduct a hazard or risk assessment. After a thorough assessment by an arborist, homeowners can then be provided with information from experts that will help the homeowner make good decisions about the care of their trees.

Stockton Tree Service Experts is located at 555 W Benjamin Holt Drive, Stockton, CA 95207. For more information about their services, to schedule an appointment, or to get a quote, give their customer service staff a call at 209-278-0925.
