

Flat Fee MLS Listing Long Island Company Announces New Website

September 10, 2015

September 10, 2015 - PRESSADVANTAGE -

World Properties Int'l Sea to Sky Realty, a business in Melville, NY, has announced the launch of the company's brand new website. The website lists all the different services the company offers. Furthermore, it gives people the opportunity to list their own properties straight away. Full details can be found on longislandflatfee.com. The website has also been fully optimized for mobile gadget use, making it more modern and accessible.

"It's a breath of fresh air to finally have a new website for our flat fee service," says Matthew Hart from World Properties Int'l Sea to Sky Realty. "The new site is modern and mobile responsive. Our customers will find it much easier to navigate and purchase a listing plan."

World Properties Int'l is a local, rather than an out-of-state business, which is something that they take great pride in. They have been operating since 2004, and from that time, they have gained a reputation of offering excellent and unique services, particularly for the Nassau, Suffolk and Queens areas. Those who list their properties through the company will find them on MLS, MLSLI.com, Realtor, Trulia, Zillow and all other websites for up to 1 year.

The company offers two different listing plans. Homeowners can choose which one is more relevant to them, which depends mainly on how long they would like their properties to remain on the market. The two options they offer are the full service listing and the flat fee listing.

For World Properties Int'l, it felt like it was time to modernize their services and their website, which is the first port of call for their customers. "We have also integrated an eCommerce function where home sellers can securely purchase a plan on the website which will decrease the amount time needed to get their home on the market," adds Matthew Hart. "With this eCommerce function, sellers can get their home on the MLS the same day."

The company, as can be seen on <https://longislandflatfee.com>, wants to make sure people can sell their properties for the best possible price, and with fees that are as low as possible.
