Revitalize You MD IV Infusion Therapy Is Being Offered In Roswell, Georgia

November 05, 2020

November 05, 2020 - PRESSADVANTAGE -

Revitalize You MD, a health and wellness clinic in Roswell, Georgia, is offering treatments such as Botox, Hormone Replacement Therapy, IV Therapy, Juvederm, Microneedling, Weight Loss, P-Shot, and PRP.

Intravenous (IV) Therapy is a method of feeding vitamins, minerals, and amino acids directly into the bloodstream to correct intracellular nutrient deficiencies. It is a faster and more efficient solution to hydration and nutrition. The clinic claims to use the latest medical technology to allow for a number of fluid "drips" to be offered in a comfortable and convenient manner.

IV Therapy allows the doctor to efficiently and effectively rehydrate and administer nutrients to the patient's body. One main reason why IV Therapy allows for such an efficient mode of fluid administration is that it allows us to bypass the gastrointestinal (GI) tract and administer the nutrient "cocktail" directly into the patient's system. Without IV Therapy, the doctors would have had to administer the fluids through more traditional means (i.e. orally), which leads to a longer amount of time before any treatment takes effect into

your system.

IV Therapy, allows the doctor to offer a number of treatment solutions that are better customized to the patient's circumstances. Currently, the most popular IV cocktail options are The Hangover Cure, Myers Cocktail, Weight Loss, Anti-aging, and Glutathione.

The clinic claims that its Hangover Cure IV drip is perfect for anyone looking to rehydrate quickly after drinking a little too much in celebration or even working out too hard. The clinic claims that its Myers? Cocktail IV drip is perfect for anyone dealing with chronic conditions and symptoms like fatigue, body inflammation, muscle pain or weakness, asthma, and even Fibromyalgia. According to the clinic, the Myers? Cocktail helps to boost the overall immune system of the drip recipient.

The company also has its version of a Weight Loss Cocktail IV drip which is perfect for individuals who want to help accelerate their medical weight loss progress. In conjunction with the clinic's medical weight loss programs, the Weight Loss IV Cocktail helps burn more fat and lose more weight in an efficient and safe manner.

The clinic claims that its Anti-Aging IV Cocktail is perfect for those who are looking to look and feel young. It contains antioxidants like Glutathione that support strong cognition and healthy aging as well as B-Complex, Coenzyme Q10, and Vitamin C to help detoxify the body from damaging free radicals and improve the appearance of hair, skin, and nails.

According to the clinic's spokesperson, Rachael Clark, "Our certified and licensed staff brings a wealth of medical knowledge and experience to serve you. We only hire the best-trained professionals who take an interest in each and every case that comes to us. We want to leave our customers happy and satisfied with their treatment. We pride ourselves on the positive change that we bring into our clients' lives. Customers can always follow us on our Facebook Page to keep up with any discounts and offers being offered."

According to a customer testimonial by Briyana, "Best experience ever! Never had IV Therapy or knew anything about it before coming here. The staff was so welcoming and knowledgeable they walked me through every step and made me feel at ease and the treatment was so relaxing! I will definitely be coming back and referring my friends & family!" Johari Davis says in his testimonial, "The staff is great, the products work!! I am very pleased with my results!"

The clinic offers multiple discounts on its products that can be viewed on its website. The website also contains pictures of the clinic's entire staff and their job responsibilities. The website also has a contact form that allows patients to make an appointment to get consultations regarding any of the offered services that they might be interested in. It also contains links to all of the clinic's social media in case patients might want

to follow them on their preferred platform. They also carry videos from the clinic's staff explaining their treatments and even video customer testimonials.

The clinic's main office is located at 1105 Upper Hembree Rd, Ste B, Roswell, GA 30076. It is open from Monday to Friday from 9 AM to 5 PM. Patients can also follow the clinic on its Instagram page to stay up to date with the clinic's offers and other information.
