Specialist Website Developer In Sunderland Gains New Office Manager

November 13, 2020

November 13, 2020 -
Oswald Close, Boldon Colliery-based Via Digital Solutions is pleased to announce that Lesley Orwin has been promoted to Office Manager. The digital marketing agency provides website design, video creation and GMB and SEO services for the businesses in Oswald Close as well as the surrounding areas. More information about the company can be found at the following link: https://via-digital-solutions.com.

Lesley Orwin says, ?I?ve been with Via Digital Solutions for two years now, and I?ve seen the company go through a great period of growth. To be trusted with a position like the Office Manager is very humbling. It?s a promotion that I?ve accepted with great honour, and I look forward to serving Via Digital Solutions and helping our clients get the results they need with just as much fervour and enthusiasm as I always have.?

As website designers, the company can both create brand new websites, enhancing any out-of-date systems as well as modernizing and optimizing them for today?s standards. The company?s video creation team can put together unique video marketing strategies to assist and increase their clients? sales and profits ? plus generate extra visitors to their mobile friendly website.

Finally, the company also provides a comprehensive Google My Business and SEO service. Clients can take full advantage of affordable GMB & Google 3-Pack services that will make it easier for businesses to bring more targeted customers by means of search engine optimisation, and making people aware of the clients? company/brand.

Based in Sunderland, in the Northeast of England, Via Digital Solutions has built a very talented and dependable team that is able to help any business bring their vision to reality. The company states that their goal is to help businesses navigate the video space and get the most out of their investment. They specialise in SEO and website design that allows them to take their projects to the next level.

They boast that they have an in-depth knowledge of search engine optimization that allows them to deal with any project of any size. Via Digital Solutions has spent years creating a process that grows their clients? sales through the power of SEO and the power of search engine optimisation marketing services. All of their solutions are backed by real research that has been proven to get the most out of digital marketing.

Lesley Orwin says, ?As office manager, I will make sure that our clients are our number one priority, and all of the Via Digital Solutions team will work tirelessly to ensure that you are getting the best service. Our success is measured in the excellent service that we provide to our clients and we take pride in our high success rates and your satisfaction. We demand excellence in our projects because you are important to us, and if you work with us, rest assured that our team will show you why we are better than our competition.?

The services provided by Via Digital Solutions have earned the agency good reviews from their clients. In a video testimonial found on their website, Gavin says ?This is a great company to work with. The staff give one hundred percent and are always willing to listen and help with ideas. The video content was clear, specific and easy for the viewers to follow and understand. I was totally impressed with the results. I would recommend anybody to check out their website if you are interested in promoting your business.?

Meanwhile, in another review on the same page, Trevor says, ?I am absolutely thrilled with my video. The content included everything I specified. I was consulted throughout the whole process, and the quality was of a very high standard. It was completed within the specified timeframe, which was very important to me. What they say, they deliver. I will definitely be using this company for my future videos for my business.?

Those who want to learn more about Via Digital Solutions and the range of services they are welcome to visit the company's website to get started. They encourage interested parties to get in touch with them directly via email or phone. Alternatively, the company can also be reached through the contact form on their website.
