

Tree Removal and Tree Service Experts Announce Service Area Expansion

November 10, 2020

November 10, 2020 - PRESSADVANTAGE -

Tree Service Experts Sacramento, a local tree removal and tree service company in Sacramento, California has announced its expansion into the areas of College/Glen, Sacramento, Willow Creek, Tahoe Park, Pocket, and Natomas Park. The tree care company has also added Certified Arborists to its staff and are now providing arborist services to the residents of those expansion areas.

More information about the expansion can be learned here at the company's website: <https://www.thelocaltreeexperts.com/ca/sacramento/>.

Tree Service Experts Sacramento offer an array of services, including tree pruning, tree trimming, tree stump removal, tree removal, tree shaping, and more.

Company representative Reynolds Rashad, stated, "The ultimate goal of our team is to provide exceptional tree service to all residential and commercial clients looking to maintain or improve the natural surroundings of their homes and businesses."

Tree trimming and tree service removal can be dangerous work and should be left to those with the experience. Leaving tree cutting services to professionals help homeowners and property owners stay safe out of harm's way. In addition to avoiding injury, homeowners reduce the chances of damaging their homes.

Reynolds Rashad put it like this. "When done correctly, our Sacramento tree trimming service can help improve both the safety and health of your trees. Whether your goal is to reduce the rate at which your trees are growing or you just want to get rid of low-hanging branches so that your driveway can be clear, we can help with this."

By adding Certified Arborists to their staff, Tree Service Experts Sacramento provide residents with peace of

mind knowing they are receiving the best information from real tree care experts. Certified Arborists are individuals who have achieved a level of knowledge in the art and science of tree care through experience and by passing a comprehensive examination developed by some of the nation's leading experts on tree care. The services arborists provide include evaluating the health or condition of a tree, treating trees that are diseased or infested with pests, and pruning trees. Another benefit to homeowners that work with arborists that are with Tree Service Experts Sacramento is they are specifically knowledgeable about the tree species in Sacramento. In addition to recommending the right trees, these certified arborists will have a better idea of when tree trimming, stump removal, and other services should be carried out.

Tree Service Experts Sacramento and their dedication to their customer base has not gone without notice. Reflected in their online reviews is the appreciation from past clients for quality services rendered. Once such past client, Paul Lyon, said in his online review, "Awesome workers. Very professional, very considerate and knowledgeable." Paul gave Tree Service Experts Sacramento a fiver star review. Five stars is the maximum number of stars that can be given in a review on a company's Google Business page.

The amount you will have to pay will be

largely dependent on how long the job takes and how difficult it is. Tree removals in areas featuring underground utilities or buildings nearby often cost more.

If you have several trees that you would like to get rid of, you should be able to get a discount since the tree removal crew and the necessary equipment are already on your property.

Small Tree Removal Cost

If you would like to remove a tree whose height does not exceed 30 feet, you should expect to spend between \$100 and \$300. Being the easiest to remove, small trees feature the lowest tree removal cost. Examples of trees classified under the "small tree" category include:

- Ornamental pear
- Silver birch
- Corkscrew hazel
- Hawthorn
- Apple trees

Medium Tree Removal Cost

If your tree stands at a height of 30 to 60 feet, expect to spend \$300 to \$700 on its removal. Trees featuring medium height include:

- Elm, with a height of 40 to 60 feet
- Maple, featuring a height of 40 to 60 feet
- Linden, standing at 60 to 70 feet
- Hornbeam, having a height of 20 to 40 feet

Large Tree Removal Cost

Trees with an average height of 60 to 80 feet cost between \$700 and \$1,100 to remove. Examples of trees classified under the "Large" category include:

- Zelkova, with an average height of 50 to 80 feet
- Oak, which is 70 to 80 feet tall on average

Very Large Tree Removal Cost

Trees standing at 80+ feet cost between \$1,100 and \$1,800 to remove. This is understandable considering that huge trees require more sophisticated equipment and more experienced personnel. Some of the trees that feature a height of above 80 feet include:

- Pine, standing at 80 to 100 feet tall
- Tulip, with an average height of 70 to 90 feet

Since we have already looked at the tree removal cost, below we will look at the average cost of other tree services:

Tree Trimming and Pruning Cost

Hiring a professional to trim/prune a single tree can cost anywhere between \$80 and \$1,000+, with the typical price range being \$250 to \$500. Expect \$80 for your small tree, \$175 for the medium-sized tree, and about \$250 to \$1,000 for a tree featuring a height of over 50 feet.

Note: Things like diseases, accessibility, pests, etc. can also affect the tree trimming cost significantly.

Stump Removal Cost

The average stump removal cost ranges between \$60 and \$350 per stump depending on various factors such as accessibility, type of tree, and most importantly, stump size. If you have a large stump featuring extensive roots on your property, you should expect the complete stump removal cost to be on the higher end.

If the cost of completely removing the stump is out of your affordable range, you can opt to grind the stump. In Sacramento, stump grinding costs an average of \$100 to \$150. The per diameter inch cost ranges between \$2 and \$4.

Arborist Service Cost

If you need the arborist to help with trimming a small palm tree, \$75 can get the job done. If, however, the arborist has to help with the removal of a 100-year-old oak tree, the cost can be as high as \$5,000. On average, however, most arborist services will cost between \$375 and \$1,500."}},"@type":"Question","name":"How Soon Can You Cut Down a Tree?","acceptedAnswer":{"@type":"Answer","text":"A wide range of reasons can necessitate the removal of a tree. - Dead or Dying Tree

Dead trees often turn into eyesores. Getting rid of these types of trees can help improve your property's appearance.

- Obstructed View

If the tree is making your driveway less visible, investing in the

tree\u2019s removal may be a good idea. Removing the tree will help reduce the chances of an accident.

Safety Hazard

Storms do destabilize trees and turn them into safety hazards. If this is the case with a tree close to your home, you should invest in its removal as soon as possible.

Damage to Utilities

Tree roots are known to cause damage to underground utilities. Some roots may even damage your home\u2019s foundation. To fix these issues, considering tree removal may be a good idea.
