Reason 2 Smile Dental: Meet the Dentist Who Loves to Give Patients a Reason to Smile

November 17, 2020

November 17, 2020 -

Reason 2 Smile Dental, a dental practice in Salt Lake City, UT, announces that Dr. Andrew M. Vernon, the owner of the practice, is ready to provide his patients with a reason to smile. Dr Vernon is a native of Salt Lake City and he graduated from Brigham Young University with a degree in BS Human Biology. He obtained his dental degree from the Arizona School of Dentistry and Oral Health, graduating at the top of his class. He completed a post-graduate hospital residency at the University of Utah Medical Center and has been practicing dentistry in the Salt Lake City area ever since. More information about the dental practice and Dr. Vernon can be gleaned from http://reason2smiledental.com/about-us/.

Dr. Andrew M. Vernon offers family and cosmetic dentistry in Salt Lake and surrounding areas. He offers a wide range of services, including teeth whitening, emergency dental care, Invisalign, dental implants, family dental services, and sedation dentistry. Dr. Vernon offers a people-oriented general dentistry practice, ensuring that a kind and caring treatment is provided for all patients. This means that patients are assured that they will always feel comfortable in the dentist?s chair and that all of their trips to the dentist will be as simple and stress-free as possible.

Dr. Andrew M. Vernon has been involved with Share a Smile Foundation since October 2014 where he provides pro bono dental care. This is a local dental non-profit organization that offers free dental care to the poor and needy in their community and abroad. This organization is able to operate through the volunteer hours rendered by local dental professionals. They also travel to other countries to offer free medical and dental care and up-to-date training to local doctors and dentists in those countries.

It should be noted that while the primary service area of Reason 2 Smile Dental is Salt Lake City, they also serve their surrounding towns neighborhoods. These include: Mill Creek, Holladay, Zions Park, Murray, Winter Meadows, Arcadian Park, Woodside Heights, and Smithfield.

One way that Dr. Vernon gives patients a reason to smile is through teeth whitening services. They provide in-office whitening using ZOOM!, which allows patients to have beautiful white teeth in approximately one hour. They also offer take home whitening, which is possible through the Opalescence professional tooth whitening system that allows patients to have white teeth in 10 to 14 days.

Another important service offered by Dr. Vernon at Reason 2 Smile Dental is sedation dentistry. This is particularly helpful for people who feel anxious when going to the dentist. It has been observed that about 92 million Americans experience anxiety when going to the dentist. The solution is sedation dentistry, which is why the staff at the dental practice have been educated and trained by DOCS, which is a popular sedation dentistry training organization. The staff can offer advanced methods for sedation dentistry and know how to communicate with patients to keep them calm and safe.

Dr. Vernon wants to be known as a pain free dentist, especially with children, which is why they also offer pediatric sedation dentistry. He is also an orthodontist, offering braces, not just the usual metal braces, but also Invisalign, which is also known as ?invisible braces.? Unlike the conventional metal braces, Invisalign requires to metal brackets nor wires to attach to the surface of the teeth.

Dr. Vernon is also capable of offering cosmetic dentistry, which has the purpose of enhancing the appearance, instead of the functionality, of the teeth. They offer cosmetic dentistry procedures, including dental implants, composite fillings, crowns, bridges, dental veneers, and more.

They also offer emergency dental care for those times when patients are suffering from sudden toothaches and bleeding, broken crowns, root canal symptoms, and shattered or chipped teeth.

Those who are interested in learning about the various services offered by Reason 2 Smile Dental may want to check out their website at https://reason-2-smile-dental.business.site, or contact them on the phone or

through email. They are open from Monday to Friday, from 8:00 am to 5:00 pm.
