Those who follow the firm on Facebook will be kept up to date with news about the move, notable cases and other important information in relation to the firm in particular, and personal injury law in general. The Facebook page also provides an opportunity for clients to leave comments about current discussions and talk about the services they have received from Mandell Law.

"I have known Rob Mandell for over 5 years," says Dr. David Shannon. "I have referred some of my patients and friends to him. I also know others who have referred patients to him. Everyone I spoke to had great things to say about the office. Comments from staying in constant touch with their case to compassionate concern over the difficulties each person has gone through medically. They are knowledgeable, compassionate, understanding, patient, tenacious, and the high standards they set for themselves equates to positive results with minimum stress. I highly recommend Rob and his team and especially when it comes to brain injuries, an area in which they are one of the very few experts locally."
