The service center has a respectable rating of 4.2 out of 5 from over 490 reviews on Dealer Rater. It also has a great 4.1 rating out of 5 from over 200 reviews on its Google Business page. A Volkswagen Tiguan buyer, sengelbr, says in their review, "I've bought a lot of cars from a lot of dealers in my life but hands-down my best experience was here. I had done my research online and was watching about 25 different cars at dealers all over the area when my search turned up a Tiguan at Hudson Valley with the features I wanted at a very fair price. I met with Mike P, who answered every question and then without asking put the keys in my hand for a test drive. I put a deposit down when we got back. It was a used car and missing the second key fob, but Mike writes me a "We Owe You A..." voucher which I think is awesome and reflects their customer service attitude. When I picked up the car I noticed 2 of the cars that were there the week before were sold - a testament to their business and fair pricing. It's been a few weeks and the new Tiguan is awesome. I highly recommend this dealership as someone you can trust and have confidence in."

The dealership states in its comparison of the VW Tiguan vs Toyota RAV4, the former costs around \$24,945 while the latter goes for \$25,650. Despite the lower price, the Volkswagen Tiguan offers 221 horsepower while the Toyota RAV4 offers only 184 horsepower. According to the dealership, the Volkswagen Tiguan offers more car for the money, a smoother and refined ride, and a feeling of power. The dealership encourages customers to try out the car with a test drive.

The dealership's sales team can be reached at its phone number at 877-819-1529. The service team can be reached at 877-717-0633 while the parts team can be reached at 888-601-0453. The dealership's website also contains a contact form for reaching out to them for a quote.
