

Hudson Valley VW Offering New Jetta Lease Specials

November 23, 2020

November 23, 2020 - PRESSADVANTAGE -

Hudson Valley VW, based in Wappingers Falls, NY, is pleased to bring their community's attention to their VW Jetta lease specials for November. The dealership is offering leases on brand new Volkswagen Jettas at \$99 per month over 39 months, with \$3,768 due at signing. Hudson Valley residents who have been looking into leasing options can take advantage of this new deal to get their hands on a brand new Volkswagen at an incredibly low rate.

The Volkswagen Jetta is incredibly popular in Wappingers Falls. The Jetta is, as Hudson Valley Volkswagen says, "a modern design marvel with sleek character lines and a premium interior, giving you a refined look and a refined ride." The sedan, when compared to similar vehicles in the same class, offers a lot more without costing a lot more.

The Volkswagen Jetta is often compared to the Toyota Corolla, a similar vehicle at a similar price point. The Jetta offers more horsepower at 147 hp to the Corolla's 132 hp, more Torque at 184 lb-ft to the Corolla's 128 lb-ft and is more fuel efficient, offering 30/40 miles per gallon compared to the Corolla's 28/36 miles per gallon. When it comes down to actually choosing between the two, it is usually a question of preference, but the dealership asserts that the VW consistently comes up on top in terms of power and how smooth it feels to drive it. With all this in mind, Hudson Valley's lease deals make the idea of getting a Volkswagen even more attractive to many in the community. Read the full comparison of the VW Jetta vs Toyota Corolla on Hudson Valley VW's site.

The Hudson Valley Volkswagen dealership does everything it can to make the process of leasing a Jetta as easy and stress-free as possible. Customers who have a VW Jetta Lease and need to end it early, for example, are catered for under the lease pull-ahead program (which allows them to reach out to one of the dealership's specialists and come to an agreement). Those who exceed their mileage limit are simply charged for the additional mileage at lease end. Finally, those who wish to return their VW Jetta lease can do so whether they originally purchased the Jetta at Hudson Valley Volkswagen or any other Volkswagen dealership.

Hudson Valley Volkswagen is conveniently located in Wappingers Falls where the dealership serves customers from the surrounding areas. The dealership has all the latest Jetta, Passat, Tiguan, Atlas and Golf Volkswagen models for customers to choose from. "We are sure to have the right vehicle to start your next journey," the dealership says. "Our staff will guide you through the process from test drives to choosing the proper color to fit your lifestyle. We know how important this decision is so we will make sure you are comfortable and informed the whole time." At Hudson Valley Volkswagen, they believe that caring for one's vehicle is just as important as buying it. The dealership has highly trained technicians who can handle anything and everything that might cause a Volkswagen to run sub-optimally.

A number of people have left excellent reviews of Hudson Valley Volkswagen on platforms like Google Maps. One customer, Eric, shares, "I had a bad experience with a dealer upstate, and these guys saved us! All class, runs like an oiled machine. Got to the right price right away and took care of some minor damages in our trade. I drove two years, and I'd gladly go back. If you're looking for the best VW guys on the East Coast, go see Hunter, Lev and the team!"

Another review from a customer named Thomas states, "I recently purchased a new GTI from Hudson Valley VW, and I am very happy with the deal and the service I received. The process was easy and fair. They were not my local dealership, but my experience with them was better than my local VW so I decided to drive the extra distance. I would happily go back in the future."

For more information on Hudson Valley Volkswagen and their VW Jetta inventory for sale visit Hudson Valley VW's site. Their representatives may be reached for further details as well.
