November 20, 2020 - PRESSADVANTAGE -

Sunshine Retirement Living, a family-owned and patient-centered network of communities all over the United States, has announced it has added the Central Parke Assisted Living & Memory Care Facility in Mason, Ohio to its network. The community is located just outside of Cincinnati. The network offers a full range of services in their independent living, assisted living, personal care, and memory care communities.

Sunshine Retirement focuses on providing Person-Centered Care to retirees in locations throughout the United States. According to Sunshine Retirement, Mason was identified by a national survey as one of the best places to live in the United States and is a city that offers retirees small-town friendliness, beautiful parks, and green spaces.

Sarah Peters, a spokesperson for Sunshine Retirement Living, says, "Our organization's mission is simple. We want to enrich the lives of those we serve. We believe in promoting independence, confidence, and community amongst our residents. We manage over 30 retirement communities all over the country. We are happy and proud to invite Central Parke to our family. We are looking forward to creating a warm, safe, and

enjoyable community for Mason's seniors. To learn more about our services, communities, or philosophy, please visit [www.SunshineRet.com](http://www.SunshineRet.com) or connect socially. To learn more about the Central Parke facility in particular please visit [CentralParkeRet.com](http://CentralParkeRet.com) or call (901) 437-5836.

Central Parke claims that its Person-Centered Care approach focuses on customizing care options for residents' individual needs. It also claims to nurture an encouraging environment while providing services such as health monitoring, medication management, assistance with dressing, bathing, grooming, and oral care. Central Parke also offers a range of memory care options, including Transitional Assisted Living for residents starting to experience memory challenges, Memory Care for Alzheimer's and dementia, respite, and hospice care with a professional staff available day and night.

Central Parke claims its experienced staff provides completely customized care options, with the aim of fostering independence amongst its residents. It claims to ensure privacy and security for its residents. The community's Life Enrichment Program takes cues from Sunshine Retirement Living's six Pillars of Wellness: physical engagement, sensory stimulation, spiritual support, social connection, intellectual discovery, and emotional expression. The community's goal is to provide care that empowers residents, improves their quality of life, enhances dignity, honors choice, supports their independence, and promotes positive well-being.

Central Parke offers its effective programming within a comfortable, resort-style setting. The community boasts safe, comfortable apartments with multiple floor plan options, including private and semi-private suites, as well as companion suites. The community's common areas encourage social interaction, while the grounds include secured walking paths and well-tended, enclosed gardens, as well as a patio with comfortable benches and beautiful views.

Central Parke claims that its residents can enjoy all-day dining with nutritious, delicious food prepared with the freshest ingredients by the Executive Chef, and a team of professionals. The community's daily menu also incorporates foods from the Rush University Medical Center MIND diet, which is meant to foster brain health. At Central Parke, the MIND diet, in conjunction with the community's many Memory Care programs, is intended to support mental health and prevent memory issues for as long as possible. Entrees are served on colored plates to stimulate appetite, and a server greets each resident individually with multiple daily menu choices.

To make residents' transitions to retirement living easy and seamless, Central Parke offers an easy-move program that eases the anxiety associated with moving. They claim their caring and dedicated staff can assist in matters such as real estate, financial services, moving professionals, veteran assistance, and more.
