

Budget Bins and Dumpster Rentals in the Greater Los Angeles Area, San Fernando Valley and Ventura County

November 18, 2020

November 18, 2020 - PRESSADVANTAGE -

Budget Bins LLC, a company based in Chatsworth, CA, has announced with pride that they are able to service the Greater Los Angeles Area, San Fernando Valley and Ventura County. They also want to point out that renting a dumpster with Budget Bins is simple, convenient, and cost-effective. They have five sizes of dumpsters and customers may choose the right size of trash bin that they need and the company will deliver the dumpster to their location and then come back at a scheduled date to haul away the trash bin and bring the trash to the dump site or recycling facility.

For residential customers, they offer the 3 cubic yard dumpster, which is suitable for yard cleaning, garage cleaning, tree and brush clearing, and small demos for kitchens, bathrooms, and floorings. This trash bin measures 4 feet tall, 6 feet wide, and 4 feet deep, which means that it can easily fit in the driveway. Several 3 yard bins may be ordered at one time. Trash bins with lids and wheels are also available only when requested at the time of order.

For commercial customers, Budget Bins offers a weekly service. This is suitable for: retirement housing; apartment & condominium units; commercial establishments; residential & schooling; and short

& long term studio locations. Scout service is also available.

Meanwhile, the 9 cubic yard dumpster measures 5 feet in height, 8 feet in width, and 13 feet in length. This trash bin is small enough to be transported by tight-turning trucks and it can fit into a number of tight locations. It is usually suitable for the average size kitchen demolition project or a medium basement or garage clean-out. It may also be used for a deck demolition, yard and fencing material cleanup, and roofing projects.

The budget trash bin for construction projects is the 10 cubic yard roll-off dumpster. It is suitable for throwing away dirt, concrete, asphalt, rock, blocks, clean tiles, or sand. This dumpster can be delivered to commercial, residential, and studio locations. This trash bin may have rear double doors for easy loading or open top where junk and debris can be thrown in. It may be placed at the home, business, curbside, or driveway.

Budget Bins LLC also offers a 25 cubic yard dumpster, that is ideal for large house cleanups, large construction jobs, demolitions and remodels. It measures 4 feet in height, 8 feet in width, and 22 feet in length. It may also be provided with rear double doors for easy loading or it can have an open top for throwing in the waste and junk in.

And finally, there is the 40 cubic yard dumpster, which measures 6 feet in height, 8 feet in width, and 22 feet in length. This is ideal for large house cleanups, remodels, demolitions, and big construction projects. It may also have rear double doors for easy loading or an open top.

The service areas of Budget Bins LLC in Greater Los Angeles Area, San Fernando Valley and Ventura County, include a number of cities. These include: Agoura Hills, Arleta, Bel-Air, Bell Canyon, Beverly Crest, Beverly Glen, Beverly Grove, Beverly Hills, Beverlywood, Brentwood, Burbank, Calabasas, Canoga Park, Chatsworth, Canyon Country, Carthay, Century City, Culver City, China Town, Downtown Los Angeles, Eagle Rock, Echo Park, Encino, Fairfax, Flintridge, Glendale, Granada Hills, Griffith Park, Hancock Park, Hansen Dam, Hidden Hills, Highland Park, Hollywood, Hollywood Hills, La Canada-Flintridge, La Crecenta, Lake Balboa, Lake View Terrace, Littlerock, Los Angeles, Los Feliz, Malibu, Mid-City, Mid-Wilshire, Mission Hills, Monrovia, Moorpark, Newbury Park, Newhall, North Hills, North Hollywood, Northridge, Oak Park, Pacific Palisades, Pacoima, Panorama City, Pasadena, Porter Ranch, Rancho Park, Reseda, Santa Clarita, Santa Monica, and more.
