Gregory B. says in a 5-Star Google review of the legal office, ?I cannot say enough great things about Robert. He went above and beyond simply handling my case, which he handled professionally and as well as it could have been. He kept me posted every step of the way. He gave me a clear understanding of all of my options, as well as any potential advantages or obstacles that would surface. He gave me insightful and well-intentioned recommendations, always with my best interests and wishes in mind. The result of my case was absolutely the best that I could have hoped for, and this has presented me with the best opportunity to continue on with my life as well as continue the pursuit of my dreams.?

The review goes on to say, ?He also took a personal interest in my well being, reaching out to me like a family member, close friend, or a loved one would if he did not hear from me for some time. He was crucial in reassuring my family that all would be well, while not violating any of the privacy and confidentiality afforded to my by attorney-client privilege. Even with my case over, and my having moved 2,200 miles away recently, he called me yesterday just to see how I was doing. I consider Robert much more than my attorney. He has become a good friend, and I recommend him highly to anybody in need of legal representation. Thank you again, Robert.? Read more here: Robert Dodell Attorney.
