SYDNEY, NSW - November 19, 2020 -
Clean Group Rosebery (https://g.page/office-cleaning-rosebery?share), a company offering commercial cleaning and office cleaning services in Rosebery, NSW, Australia, has revealed that they have office cleaners for different kinds of offices. These could be corporate offices, medical centres, gyms, schools, warehouses, churches, childcare centres, hospitals, and more. They also offer COVID-19 cleaning, where they offer the Clean Group Rosebery Defence Shield and electrostatic spray and the Zoono-71 Surface Sanitiser for effective disinfection and sanitising of various parts of the office.

With offices requiring thorough cleaning and disinfection services due to the COVID-19 pandemic, the cleaning professionals from Clean Group Rosebery have been fully trained on how to provide comprehensive cleaning, sanitising, and disinfection of an office for appropriate infection control of harmful germs, viruses, and bacteria.

Since COVID-19 can be spread through touch, their cleaners will disinfect and sanitise frequently touched items and surfaces in the office. These include telephones, keyboards, water faucets, doorknobs, desks, chairs, toilet seats, and more. Anything that is used or touched by many people should be disinfected and sanitised. Touching them can allow the virus to be transferred to the hands, and when the person touches his or her face, the virus may eventually gain entry into the body through nose, mouth, or eyes.
