Fort Myers, Florida - November 18, 2020 -
November 18, 2020 - Fort Myers, FL - WhiteSands Alcohol and Drug Rehab, with locations across Florida, consistently receives top marks from patients who?ve attended their addiction treatment programs. Recently, a Fort Myers man named Chris, left a 5-star Google review for the treatment center crediting them with saving his life.

?Without their help, I don?t know where I would be,? Chris said. He left his review just as he celebrated 3 years of sobriety, no doubt a time when he was reflecting on all the progress he has made.

When Chris first arrived at WhiteSands in Fort Myers, he was in a rough spot. Addiction was controlling every facet of his life. Like many who seek treatment for drug and alcohol addiction, Chris had reached rock bottom. He entered rehab at a point when he had no other options left.

Fortunately for Chris, WhiteSands was able to help him transform his life and achieve long-lasting sobriety.

In addition to receiving 5-star reviews from individuals like Chris, WhiteSands also receives accolades from the medical community at large. WhiteSands was recently named the #1 addiction treatment center in Florida by Newsweek magazine. To inform its rankings, Newsweek polled health care professionals across Florida asking them to rate drug and alcohol rehabs based on a variety of factors including quality of service, reputation, and accreditation relative to in-state competition.

Founded in 2014, WhiteSands is one of the largest private insurance treatment centers in America and a leading provider of inpatient and outpatient behavioral health and addiction treatment services. Some of the features that make WhiteSands stand out to include their staff of over 290 highly qualified addiction specialists, the comprehensive range of treatments offered, a low patient to therapist ratio, their beautiful 10-acre campus with private rooms, and a state of the art athletics complex and boxing program which has helped countless patients like Chris succeed in getting and staying sober.

In his review, Chris also mentions that ?The facility is very clean, the beds are comfortable, and the food was surprisingly good. The pool and activities they provide are an added bonus as well.?

WhiteSands understands the importance of patient?s comfort during their stay. In a recent interview, WhiteSands founder and CEO, Garry Jonas, said, ?At WhiteSands, our patient philosophy has always been to provide comprehensive, personalized care in a comfortable environment featuring state of the art facilities. We know that a comfortable guest makes for a successful patient.?

WhiteSands Alcohol & Drug Rehab provides addiction treatment to more than 2,000 patients annually. With a commitment to the highest standards of care, safety, and comfort, they have successfully treated more than 10,000 Americans struggling with substance abuse since their founding in 2014.
