KIKLABB and NY Koen Group have announced a partnership agreement which aims to facilitate cultural understanding, foreign investment and business development between the business communities of the UAE and Israel.

The agreement will see the launch of several initiatives that coincide with the normalizing of diplomatic relations between the UAE and Israel. This includes the launch of a center for the Jewish community in Dubai in order to provide support and resources for business, tourism and travel along with strategic advisory to Israeli investors wishing to launch in the UAE via KIKLABB.

In line with religious beliefs, the center also includes facilities to provide Israeli tourists with their needs, including kosher dining, during their visit to Dubai.
