November 24, 2020 -
The local blog section of a long-time Dallas law firm recently published an article titled ?New Honorary Consul of Denmark In Dallas.? The article looks into the appointment of a FisherBroyles Partner and dual citizen?s appointment as honorary consul for Denmark. Soren Lindstrom will be assisting the Embassy Of Denmark in Washington DC, the consulates general in Houston and three other cities in addition to Danes in Dallas. Earlier in the year, Lindstrom made headlines when he moved from his role as a partner at Alston & Bird to his current firm. Lindstrom has had a very active year.

A prominent personal injury firm, The Barber Law Firm offers over 17 years of experience fighting to ensure their clients? personal injury claims are successful. ?Our firm focuses most of our practice on car accidents, other types of negligence claims and workman?s compensation,? says the firm. ?Each day, we go up against the insurance companies and their adjusters?the people who are hired and trained to minimize claims and pay as little as possible. Don?t settle for less by attempting to battle the insurance companies on your own.? The firm?s new article shows their commitment to the local comunity and staying involved in it.

Much of the firm?s work involves fighting against insurance companies from multiple locations in Dallas,

Plano, Fort Worth, Grapevine, Irving and Frisco. Insurance companies are known for attempting to settle claims as quickly as possible for as little as possible. They usually do not have the wellbeing of their clients in mind and are more interested in turning a profit, which is where firms like The Barber Law firm come in. The Barber Law Firm knows how to fight insurance companies to ensure their clients get every last penny they deserve. It is important to speak to an experienced, reliable attorney before accepting any offer from an insurance company to ensure that one gets fairly compensated for their experiences.

The firm offers free legal consultations without any obligation on the client?s end. One can simply walk in, get a professional assessment of their case and then decide whether they wish to proceed with The Barber Law Firm or choose another firm to handle their case. Should the client decide to work with The Barber Law Firm, the firm works on a contingent fee basis, which means clients owe nothing unless the firm succeeds in obtaining compensation.

The form is trusted by thousands and has helped many in their community get the compensation they deserve in a variety of cases, from car collisions to motorcycle wrecks to truck accidents. ?I just want to say, "Thank you, thank you, thank you," to The Barber Law Firm and its entire staff,? says one of the firm?s clients, Sonyja, in her Google review. ?They have been more than exemplary and have made me feel at ease throughout the entire case and it's processes. I would like to say a special thank you to Sonia Zamora, Dianeth Rodriguez, Mical Rodriguez and Lori Sierra, for they have been not only very professional, but wonderfully personable in their communications, allowing me to feel comfortable throughout the case. I would recommend The Barber Law Firm to anyone needing a personal injury attorney.?

Another client, Jessica, says, ?The Barber Law Firm made a painful time in my life much easier. I always got a quick and professional response. They were patient with me, making sure I was truly better and never rushed me or my treatments. My case wrapped up in the middle of Corona. I can't tell you how grateful I am for the timing and help when I needed it the most. Big thanks to Lori and everyone there for everything you did!?

The Barber Law Firm would be more than happy to help with any and all personal injury cases.
