

## **U-Guard Security Self Defense Products For Women Launches Lipstick Tazers On New Website**

*December 02, 2020*

December 02, 2020 - PRESSADVANTAGE -

U-Guard Security Products LLC, a Atlanta, Georgia-based provider of non-lethal self-defence products, is proud to announce the launch of their new e-commerce website. The company offers products that provide their customers with non-lethal ways of protecting themselves from potential assailants. They also make an effort to educate their community on how to use non-lethal self-defence weapons. Some of the items available at U-Guard include stun guns, tasers and pepper sprays. The company is committed to helping their customers feel safer in every way.

According to a representative from the company, their main goal is to ensure that their customers feel safe. The company states that, "We believe everyone has the right to feel safe. Whether you are walking home late at night or are in the relative safety of your home, there is always a chance that someone is around and looking to rob or otherwise harm you. Our goal is to make sure no American ever has to fear for their safety. We understand that many would rather not have a gun around the house, and shooting someone is not something the average person might be ok with, even if said person is attacking them. We offer ways to protect yourself without permanently ending someone else's life. With the proper self-defense equipment and the proper education, you will never have to worry for your safety or the safety of your loved ones again."

One of the most popular products supplied by U-Guard is the Lipstick Tazer for women. The product features a high voltage ? 3 million+ volts with maximum milliamps allowed by law for a lipstick stun gun. This model offers stylish design with maximum stopping power for one?s personal protection. The product appears discrete, with its beautifully designed etched and engraved lipstick container concealing a hidden stun gun and flashlight built within. It is easy to carry, fits all size hands and is affordable yet stylish. The device allows one to protect oneself with minimal effort.

The product comes with a built-in rechargeable battery which offers convenience and saves money as one does not have to replace or purchase new batteries. A six to eight-hour charge can be maintained with the standard house AC wall outlet. The device may remain charged for even three months while not in use. The lightweight aluminum cover is durable and lightweight, making it convenient to carry around. The device also features a built-in bright 100 lumens LED flashlight which offers a second line of self-defence when the bright light is briefly shined in an assailant's eyes. This would briefly disorient an assailant, giving one just enough time to get away from that situation. The flashlight may also be used to stay aware of one?s surroundings.

The lipstick tazer was designed for easy carry and concealment in a pocket, purse or handbag. Measuring only 5? long and weighing in at under four ounces, one would have a powerful non-lethal self-defence product that can go wherever one goes. The product comes with a lifetime warranty and is available in several colour options. Learn more about women self defense products on the company?s official website.

U-Guard Security Products is headquartered in Georgia, from where the company can offer quick and free shipping to customers all over the United States. Established in 2010, the company has been supporting the non-lethal self-defense, safety and security industries for nearly a decade.

?We are a growing family-owned business that truly understands the value, and importance of our customers who continue to support us,? the company says. ?Our loyal customers are the reason our company is growing, so we can continue to serve others with our expert knowledge and help you and your loved ones stay safe. We offer many name brand products as well as our own brand of items when we are looking for a better quality product. We are a direct distributor to the consumer. We have removed the middle man so we can offer the best quality items, expert advice, customer service, product warranty and competitive pricing. When you buy from us, we offer free shipping on all US orders, with a limited lifetime warranty, great pricing and more, along with our customer satisfaction guarantee. We know a happy customer is the only customer.?

At U-guard, one can find expert advice from the company's trained, experienced staff members, who are always ready to help their community find the right product for them. One may visit the official website or contact the company via phone or email for further inquiries.
