

Clean Group Provides Commercial Cleaning Services In Melbourne

December 07, 2020

SYDNEY, NSW - December 07, 2020 - PRESSADVANTAGE -

Australia's trusted commercial cleaning service Clean Group is reaching out to remind the community that they provide commercial cleaning services in Melbourne and the surrounding areas. The New South Wales-based company has been offering professional (yet affordable) cleaning services for businesses and residences across the country for more than two decades.

Suji Siv, a representative for Clean Group, says, "What with the COVID-19 pandemic still being a cause for concern around the world, commercial cleaning services are more critical than ever if you want to keep your workplace clean and germ-free. When it comes to industry standard commercial cleaning services, you can't find anyone better than Clean Group anywhere in Australia. Our infection control-trained cleaners can clean and sanitise your office of COVID-19 and ensure that your workplace remains safe and hygienic."

In the age of COVID-19, it is important to make sure that workplaces undergo regular cleaning so that they are able to function effectively and efficiently. This kind of cleaning requires extra knowledge, and Clean Group is proud to state that their team of cleaning technicians are well experienced in disinfection and sanitisation.

The company provides a variety of commercial cleaning services that cover any and all cleaning needs a commercial property might have. They offer floor-to-ceiling cleaning services, deep cleaning services, furniture cleaning services, garbage and rubbish removal/cleaning, office supply replenishment services and more. Clean Group is also a proudly green-conscious company, and they boast that all of their cleaning services use an eco-friendly product (along with industry-standard equipment and machines).

Siv says "When you are considering outsourcing commercial cleaning services, especially for deep cleaning, you need to be 100% certain that you are hiring the right cleaning company and professionals to assist you in getting the quality cleaning results you are after. Understandably, it can be a bit challenging to determine right

out of the gate which one will be able to deliver on their promises of quality and which cleaning services are most likely to fall well short of your expectations. At Clean Group, we are proud to say that we have worked hard to be part of the former group, and most of our clients have been with us for many years for one simple reason: we believe in and work for 100% customer satisfaction.?

By using the latest and most advanced office cleaning products, equipment, tools and techniques ? and continually evolving themselves according to clients? requirements ? Clean Group has managed to become one of the top commercial cleaning services in Melbourne. Siv says, ?We are always committed to delivering only the best and most efficient cleaning solutions to not only make your buildings look clean and your staff feel healthy but also to save you a lot of time and money in professional cleaning.?

Clean Group is not just boasting about being among the best commercial cleaning services in Australia. The company?s reviews all back up their statements. In a review found on Clean Group?s website, real estate manager Sebastian says, ?I have been using cleaning services of the Clean Group for over a year now, and never once they have given me a chance to complain. I have found them to be truly professional in what they do. Their team consists of trained cleaners who use good quality products and follow proper security measures to ensure the safety of my employees. Besides the regular cleaning of my office, they even clean the bathrooms and windows to make them shine like new.?

Meanwhile, Daniel Michel says, ?Clean Group has been working with us for nearly two years now. We shifted to them after a poor service experience from the previous company, and I am glad that we did. From the very first clean, I have been pretty impressed by the cleaning services, quality and expertise of their team. I would even say that Clean Group has a big role in us continuing to maintain high standards of service. Would recommend them to everyone.?

More information about Clean Group and the variety of services provided by the company can be found on their website. In addition, Clean Group also has a Facebook page where they frequently post updates, share information and communicate with their clients. Clean Group encourages interested parties to get in touch with Suji Siv directly through his email or phone. Alternatively, the company can be reached via the contact form on their website or through Facebook.
