

# Sacramento-Based Zothex Flooring Now Offering Free Estimate And Design Services as Part of Their Holiday Special

*December 11, 2020*

December 11, 2020 -

Zothex Flooring of Sacramento, California is a company that likes to show its holiday spirit. As part of that, they will be offering those that come to them for new flooring in December with a special offer. When they purchase new flooring, they will receive a free estimate for the installation and design phase of the project. The company is doing this to help take the holiday crunch out of people?s budgets so they do not have to put off their important flooring projects until after the Christmas season. As a small family-owned business, they are always proud to give back to the people they serve in the Sacramento area.

Clayton Rodrigues, the company?s CEO and founder, says, ?As much as we would like to give a gift to all of the people in Sacramento this Christmas, of course, that is not possible. But we do have a holiday offer that everyone can take advantage of. It?s our way of saying thank you to our customers and prospective customers for using our services throughout the year. This has been a trying and stressful year for those in Sacramento and the entire country. We are pleased to be able to offer a little something that will help people in the Sacramento area save a little time, effort, and money as they get ready to undertake a new flooring project.?

Many of the outstanding products that this popular Sacramento area flooring company offers are explained in more detail on their Facebook Page. This includes pictures of their new COREtec simulated wood flooring that even has visible knots and grooves like real hardwood flooring does. It goes a step beyond real hardwoods in performance too due to the fact that it?s waterproof, kid-proof, and pet-proof. Also displayed here are photos of Mohawk Flooring?s RevWood Plus product which combines the good looks of wood with the durability of laminate. Their Facebook Page also features photos of their customers posing with smiles on their newly completed Zothex Flooring projects and is a great source for finding out information on the other specials that the company is currently running.

Rodrigues explained that the company is also being very proactive at the present time due to the rise in virus cases in the area. That includes offering scheduled video calls where a customer can meet virtually with a salesperson and see the different flooring projects that the company offers and ask questions about them. The company CEO stated that these calls are done in a way that closely mimics the experience that a customer would get from an in-store meeting with a Zothex sales representative. Zothex Flooring has locations in Natomas, Sacramento and Rocklin, CA to better serve their customers and the store personnel are available for virtual meetings during their open hours Monday through Saturday. Rodrigues added that those that come to them for new flooring in December will not only be able to take advantage of their special offer but will also get to experience their one-of-a-kind customer service.

The flooring services that this company offers are also very highly thought of by those that have taken advantage of them. This includes an outstanding overall rating of 4.8 out of a possible 5-stars on their GMB Listing. Diane Giusti wrote, ?Replaced the existing flooring in our entire house with beautiful vinyl flooring. The house was beautiful before but now has a big wow factor. Jon Casey the salesperson is super. The construction crew did top-notch work and Abram really knew his stuff.? Sacramento area businesses are also impressed with the services that Zothex Flooring offers. Brother T states, ?We had a great experience with Zothex Flooring. They were quick and efficient. They did an awesome job installing the new carpet at our business complex. We were impressed by the work they did, especially how they joined the new carpet with the existing carpet. The seam is flawless. Thank you Zothex, thank you Carlos!?
