I believed in the team, I believed in the process. Now we're starting to see the fruits of our labor. That fruit is a massive impact on our customer's businesses and a highly successful SaaS company that is just starting out. We've got a ton more in the tank left with Kenencted and our other products we are rolling out soon.?

The website says that Kennected helps the customer connect with people at scale, building their sales pipeline while they sleep.

Kennected was founded in 2018 combining the digital marketing experience by Devin Johnson, Cody Harvey, Elliot Drake, Stephen Twomey, and Brandon Poplstein. The goal was to create a solution that was simple yet more effective than traditional marketing company services. The goal was successful and ultimately brought the power of lead generation and marketing back to 10,000+ businesses and entrepreneurs around the world in less than 2 years.

According to a testimonial by video marketer Andy Mork, ?Before I started using Kennected I was attending networking events and cold calling businesses. When I started using Kennected, it really automated my way of prospecting. I was able to gain about $60,000 of business for a very low price. It has allowed me to reach into new markets that I had not conceived before. It allowed me to reach marketing directors and decision-makers. I highly recommend Kennected.?

According to another testimonial by Glenn Cunningham, a realtor at Keller Williams, ?At the time I started using Kennected, I had less than 60 connections on LinkedIn. Since then that has grown to almost 2,000 connections. I have one house under contract, and I have two buyers for who I am the buyer's agent.
