December 11, 2020 -
Zit Buys Homes LLC is pleased to announce that they?re buying houses in Austin, Texas and neighboring areas. They are a family of real estate investors that offer cash for homes in as-is condition. This means that house sellers will no longer have to deal with the hassles of having to clean and repair the house before being able to sell it. They are ready to buy properties, including houses, mobile homes, condos, and land. And since there would be no need for a real estate agent, there would be no commissions or agent fees to pay. Furthermore, sellers don?t have to pay for closings costs and other fees. More about this can be gleaned from https://zit-buys-homes-llc.business.site/posts/3876631884978684701.

Jack Rady, owner of Zit Buys Homes, says, ?Do you need to sell your house fast? No matter what condition your house may be in, you can sell your Austin area home even if the roof is leaking and the foundation is cracked to us. We buy houses as-is so you don?t have to worry and spend time cleaning or repairing it and you can sell it quickly. Selling your home fast in Austin for cash with Zit Buys Homes is a simple and hassle-free process. If you are looking to sell, we want to buy it!?

Selling a home to Zit Buys Homes is a simple three-step process. The first step is for the seller to submit relevant information on their online form. They will be calling the seller to assess certain details and ensure that the property meets their buying criteria. If the property indeed complies with their requirements, they will schedule an appointment where they will visit the home and conduct an inspection. During this visit, they will answer any questions that the seller might have, after which they will make a no-obligation offer. They will then proceed to the third and final step if the homeowner agrees to accept the offer. They will take care of all the paperwork and the home seller can choose a closing date. They will be closing at a local title company with a good reputation. The seller will simply need to wait for the closing date and the payment.

Zit Buys Homes LLC is interested in homes in and around Austin, Manor, Leander, Pflugerville, Bastrop, Hutto, Cedar Park, and more. Unlike with a real estate agent, they will be the ones who are actually buying

the home, and because they are paying in cash, the transaction can be closed quickly. Cash payment means they will not have to wait for a bank or some other financial institution to approve financing. With the conventional way of selling a home, the buyer will typically require some financing, which means that there will be a wait for a number of weeks as the bank takes it time to determine whether they will offer financing to the buyer. In the event that the bank disapproves the financing application, the seller will be back to square one, looking for a prospective buyer.

They are also willing to work with homeowners who are in a difficult situation, such as foreclosure, divorce, job loss, inherited homes, relocation, fire damaged homes, a home that requires a lot of repairs, homes with bad tenant, and more. These are situations where the homeowner usually wants to get rid of the home fast. The Rady family has been involved in the real estate industry for more than 30 years and they can offer the best option for homeowners who need a quick way to get a property out of their hands but with a fair price.

Those who have experienced selling their home to Zit Buys Homes LLC have had positive things to say about it. For example, Lawrence M. gave them a five-star rating and said, ?[?] Jack's bid on my home was fair (unlike other companies) and we were able to start the process quickly. [?] He explained the process clearly and kept his word every step of the way. We are thankful to Jack Rady for buying our home! He is an honest and great guy... now we consider him a friend!?
