

MN Epoxy Floor Company Hires PromoTech Marketing for SEO Services

December 14, 2020

December 14, 2020 - PRESSADVANTAGE -

An epoxy flooring company based in Plymouth, MN, has hired PromoTech Marketing for search engine optimization (SEO) services. PromoTech is a digital marketing agency based in Golden Valley, MN, and provides SEO and Internet marketing services. It is trusted by many small businesses in Minneapolis and throughout Minnesota. They have a long list of client reviews that show why they are often preferred by such businesses. Their Minneapolis online marketing services include: SEO, social media marketing, reputation management, web design, PPC, and video marketing.

PromoTech Marketing offers strategic SEO services and has a proven track record in SEO services with local companies. They always make sure they are up-to-date regarding Google algorithm updates to ensure that the online rankings of their clients will not be short-lived. The kind of SEO services that they provide will be implemented in such a way that is effective in helping their clients achieve their online goals, all the while, providing them with a meaningful online presence. They want to point out that having relevant content and a quality website are essential in dominating the first page of the Google search engine results.

A spokesperson for PromoTech Marketing explains that businesses need to consider four things when working with a search engine marketing agency. First, it should be regarded as an investment for the company. Second, the goal should be to reach page one of the Google search engine results because potential customers will not likely go the second page of search results. Third, SEO means getting ahead of the competitors for certain keyword phrases. And fourth, it is important to take into account both on-page and off-page SEO.

PromoTech Marketing has been receiving highly positive reviews and one of these was made by Brian D. who gave them five stars. He said, "I just started working with Jeff, at PromoTech Marketing a short time ago. He was referred to me by someone that I work with. After working with him for a short period of time I can already tell he is a person who is passionate about what he is doing, is straight forward, honest, and

knows his stuff and he has the credentials to prove it. Even though it is early in our business relationship, he has already made a measurable difference in my business. If you are looking for "the real deal", Jeff at PromoTech Marketing is your guy.?

Alamtal Flooring, the epoxy flooring company in Plymouth, installs one-of-a-kind floors in residential and commercial buildings in Minneapolis and the Greater Twin Cities of Minnesota. Some of the services they provide are: flake floors, metallic floors, garage floor coatings, basement floor resurfacing, epoxy coatings, carpet removal, polyaspartic coatings, concrete diamond grinding, crack repair, tile removal, acid stain dyes, and patio resurfacing.

The application of an epoxy coating to surface flooring can extend the floor's life by serving as a protection against the elements because the resulting epoxied surface is dirt resistant and waterproof. Meanwhile, polyaspartic resin coatings are a new development but are quickly becoming more popular because of their faster drying times, crystal-clear finish, temperature stability, UV stability, and bubble-free finish even when humidity is high.

Abe Ahmed, a spokesperson for Amtal Flooring, says, "We specialize in epoxy and polyaspartic floors, and a variety of other concrete services. If you're looking for a way to make your home or business stand out above the rest, our unique floors are the answer. Reach out to us today to learn more about our services and exceptional warranties."

He continues, "The reason we chose to go with the SEO services of PromoTech Marketing is that they have been receiving mostly five-star reviews from past clients. With such a stellar rating, we can't go wrong with our choice."

Those who would like to learn more about the Amtal Flooring - Epoxy Floor Coating services may want to check out their website or contact them on the phone or through email. They are open from 7:00 am to 5:00 pm, from Monday to Friday.
