

## **My Ethos Spa Coolsculpting Services Are Helping Clients Get Rid Of Stubborn Fat**

*December 10, 2020*

December 10, 2020 - PRESSADVANTAGE -

Ethos Spa, Skin & Laser Center, a cosmetic clinic in New Jersey is offering Coolsculpting services for its clients. The clinic also offers a range of other skin rejuvenation and body sculpting services.

The clinic claims to be New Jersey's number one expert Coolsculpting provider. It is run by board-certified physicians Dr. Hardik Soni and Dr. Monika Soni. They have already performed over 5,000 Coolsculpting treatments at Ethos Spa. They say that there is no need for needles, surgery, or anesthesia leading to zero downtime. The clinic claims its treatments can help achieve results that may not be possible through diet and exercise. They also claim to provide maximum discounts whenever possible.

Dr. Hardik Soni, the founder of the clinic, says that CoolSculpting is a revolutionary body contouring procedure for getting rid of unwanted fat in stubborn areas, creating a slimmer, more svelte silhouette as a result. The procedure can be performed in as little as one hour. There is no surgery and no downtime. The results are permanent, as long as the patient maintains their healthy weight. While the full results take 4-6

months to be visible, it takes as little as one hour to treat multiple parts of the body. The procedure gets rid of up to 25% of fat cells in the treated area, permanently. To date, more than 6 million CoolSculpting treatments have been performed worldwide. More details can be viewed on the business's GMB listing.

CoolSculpting works by freezing and killing the fat cells beneath the skin. The dead fat cells are then flushed from the body naturally over the course of several months, leaving the treated area flatter, slimmer, and more contoured. It is best suited for the parts of the body that don't seem to respond to any amount of diet and exercise, like a double chin, belly fat, or muffin top. Stubborn areas of fat that are perfect for CoolSculpt include flanks & love handles, upper and lower abdomen, neck, underneath the buttocks (banana roll), thighs, underarms, back, and bra line.

The clinic's other services include BOTOX, laser hair removal, lip injections, Brazilian butt lift, tattoo removals, body contouring & fat reduction, facial injectable cosmetic procedures, body laser & treatments, facial laser & treatments, PRP hair growth, dermal fillers, massage therapy, spider vein removal & vein treatment, vaginal rejuvenation, acupuncture & holistic medicine, and many more.

According to Dr. Hardik Soni, "Ethos Spa Skin and Laser Center specializes in state of the art aesthetic treatments. We are dedicated to offering the safest and most effective med spa solutions ensuring beautiful and long-lasting results. We offer advanced med spa technologies and non-invasive treatments to enhance the look of your skin. All of our cosmetic procedures are completed by board-certified physicians who are highly trained & experienced who will create a personalized treatment plan specifically for you. We are passionate about providing the medical aesthetics services that you need. We offer gift certificates, carry our own line of skincare products, and for our newsletter members, we offer monthly specials on a wide variety of our services. We encourage you to follow us on our Facebook Page for all the latest updates."

According to a review by Daylin N, "Dr. Soni did a great job in explaining the procedure and making sure all my questions and concerns were answered. I had my first session on the first day and I was very impressed with how fast everything went and I also saw a difference in the tattoo once it began to heal. Every time I went in for a session the staff was very nice and I never had to wait a long time. Totally loved this place!"

According to a review by Melissa Cahill, "Extremely impressed with the physicians, lovely and welcoming staff...and the results!!! I have been coming here for 4 years, and highly recommend this entire team. They are meticulous in their approach, and both warm and professional. If I could give them more than 5 stars, I would!"
