

Locally Raised Spartanburg Personal Injury Attorneys Bring Over 50-Years Combined Experience to Their Craft

December 23, 2020

December 23, 2020 - PRESSADVANTAGE -

Cummings & Lewis, LLC of Spartanburg is led by two attorneys, W. Blake Cummings and Alexander P. Lewis, who combine for over 50-Years of experience in their legal specialty. They are also both locally raised personal injury lawyers that share a strong sense of dedication to their Upstate South Carolina community. It's this combination of experience and commitment that has led them to become two of the most successful personal injury claim litigators in the entire state of South Carolina.

Co-managing partner, Attorney Lewis, stated, "I can think of few situations in life where having experience in a matter does not play an important role in that matter's positive outcome. This is something that certainly applies to personal injury claims litigation. Attorney Cummings and I always lean on our many years of personal injury law experience when it comes to structuring our cases in such a way that it leads to the highest probability of a positive outcome for our clients. When this is combined with our aggressive quality representation and our real sense of caring, the results speak for themselves."

Attorney Lewis went on to say that this does not just apply to one area of personal injury law either. They

specialize in many different personal injury claim areas. He noted that they have an unusually high success rate when it comes to representing those that have become victims of accidents that involve another party's negligence behind the wheel. Their experience allows them to do such personal injury claim-related tasks as putting thorough accident investigations into place and interviewing eyewitnesses to bring their cases to a successful conclusion. Other areas of legal expertise that are specialties of those at Cummings & Lewis, LLC include workers compensation, social security law, wrongful death, and most other types of claims involving personal injuries.

The experience and commitment that these Spartanburg personal injury lawyers bring to their cases is also paying off in the form of satisfied clients. On their Google Maps Business Listing alone, most of the 39 reviews that have been left on that site rate them a perfect 5 out of a possible 5-stars. Kim Bailey wrote, "Mr. Lewis handled my disability case after I had previously been denied on 2 occasions. He really went the extra mile to get the job done while making sure I understood every step of the process. Very thorough with the evidence and making sure the Judge had a real understanding of my health conditions. Professionalism and genuinely caring about his clients really show. I highly recommend Mr. Lewis. He gets the results his clients need. Kristina Dimauro also stated, "I was in a bad wreck and the person that hit me fled the scene! They worked long hours and stayed past closing on many days just to get my settlement closed! They are amazing, respectful people and will tell you straight up what they can do for you and how they can help you! They are fierce but so friendly! They get stuff done! I will never go to another attorney!?"

Part of the reason their services are so highly rated is also reflected in the settlement amounts the duo has managed to secure for their personal injury clients. This includes a recent \$600,000 settlement that a client received as a result of losing several fingers while on a job site. Another example is a \$200,000 settlement that was received by a client who sustained non-life-threatening injuries in a head-on collision that was caused by the other driver being under the influence of alcohol. Many more examples of the settlements that this law firm has achieved for their clients can be seen on their website at <https://www.cummingslewis.com>. Consultations with them are always done free of charge and they can be reached 24-hours a day for assistance. Lewis also reminded that there is never a fee for their services unless they bring a client's personal injury claim to a successful resolution.
