Hamilton Roof Repair Contractor Earns Five-Star Review for Roof and Gutter Replacement Service

January 14, 2021

January 14, 2021 -

Straight Arrow Roofing, a roofing contractor serving Hamilton, Ontario, Canada, is happy to announce that they have earned a five-star review from a customer who was very pleased with the roof and gutter replacement service that was provided. The customer noted that they always listened to her questions and concerns and made sure that they discussed the various options with her. This contractor performs a thorough evaluation of the whole roof, particularly when the roof is more than 10 to 15 years old. They are a GAF-certified roofing contractor, which means that customers are assured of getting a quality roofing system. They also provide 50-year lifetime warranties for defects in roofing materials.

Straight Arrow Roofing offers five kinds of roofing services: roof inspections, roof leak repair, new construction, roof installation, and roof maintenance. According to the National Roofing Contractors Association, roof inspections and maintenance should be done biannually. It is recommended that these inspections be done in early spring and autumn. They provide roof inspections for free and this will include a detailed report on the roof?s condition and the recommended roof repairs.

Meanwhile, Joel Guerra, owner of Straight Arrow Roofing, says, ?When seeking to have your roof replaced,

we are a Brantford roofing company that offers high-quality roofing services with a warranty on materials and workmanship. When done correctly, a roof replacement won?t just enhance the durability and longevity of the new roof, but enhance the whole appeal of your Brantford home, too.?

In the previously mentioned Straight Arrow Roofing customer review, Angela C. gave them a five-star rating and said, ?Great service! Had my roof and gutters replaced. Joel was very thorough and attentive. He sat down and listened to my concerns and questions, then reviewed all the options with me. He obviously cares about his customers and the quality of his work. Would highly recommend.?

Straight Arrow Roofing provides roofing services in Brantford, Hamilton, and Cambridge, Ontario. They offer various kinds of services, including roof replacements, roof leak repairs, roof inspections, chimney services, gutter installation and repairs, roof cleaning, soffits and fascias, flat roofing, roof attic insulation, and siding installation and repairs.

They want homeowners and other property owners to note that there are a number of indications that their home requires roof replacement. These include a roof that is more than 20 years old; the presence of obvious damages; signs of damages in the roof valleys where snow and rain can flow down that may result in roof leaks; missing shingles; chimney flashings that are filled with roof cement and/or tar; and gutters filled with single granules.

Another important service that they can provide is eavestrough and gutter services. The gutter system requires regular cleaning to makes sure that debris and other materials like branches and leaves don?t accumulate in the gutter and block the flow of water. If these are not cleared, it could result in a blockage, causing rainwater to overflow over the gutters and possibly get into the foundation and affect its integrity.

Straight Arrow Roofing also provides siding repair and installation services. This is essential because the siding is one of the first things that visitors will notice about the home, which means that a good-looking siding can increase a home?s market value. The professionals at Straight Arrow Roofing can repair or replace the siding to make sure that the external appearance of the home is attractive. In addition, they can replace the current siding with products that have a good Energy Star rating that makes the home more energy-efficient, resulting in lower energy costs. They may recommend vinyl siding, which is practically maintenance-free, unlike aluminum siding, which needs a little maintenance.

Homeowners and other property owners who require Hamilton roof repair and other related services may want to visit the Straight Arrow Roofing website or contact them through the telephone or via email. They are open from 9:00 am to 6:00 pm, any day of the week.
