Dr. Andrew M. Vernon, founder of Reason 2 Smile Dental, says, ?Living with a toothache ? or any kind of oral pain, for that matter ? is not easy. In fact, due to how sensitive the nerves in our mouths are, we feel that pain very acutely, and it can prove very hard to carry out simple day-to-day tasks while enduring such agony. This is why you need to have a reliable, trustworthy dentist who you can reach out to when you need your dental issues fixed, and that is exactly what you will find at Reason 2 Smile Dental.?

Reason 2 Smile Dental offers a variety of dental services, including but not limited to teeth whitening, emergency dental care, invisalign, dental implants, family dental, sedation dentistry, cosmetic dentistry and more. With a dental degree from the Arizona School of Dentistry and Oral Health and a post-graduate hospital residency at the University of Utah Medical Center, Dr. Andrew Vernon is one of the most capable dentists in the Salt Lake City area.

Dr. Vernon says, ?Your smile says a lot about you, and having a beautiful, healthy set of teeth is important if you want to have a lovely smile. At Reason 2 Smile Dental, our job is to help you achieve that kind of beautiful, room-brightening smile. We understand that many people fear their dental exams, but we assure you that we do our best to provide all our patients pain-free, professional dentistry at an affordable price! If you?ve been looking up ?local dentist near me? online and want to maintain your oral health, look no further.?

While the dental clinic?s main office is in Salt Lake City, they do serve the surrounding communities. Areas serviced by Reason 2 Smile Dental include Mill Creek, Murray, Holladay, Zions Park, Woodside Heights, Winter Meadows, Arcadian Park and Smithfield.

The services provided by Dr. Andrew Vernon and his team at Reason 2 Smile Dental have earned them a lot of praise from the local community. On the Google platform, the dentist office boasts a rating of 4.7 out of 5 Stars. Ashley Brown writes in her review, ?I'm terrified of the dentist ? due to a fear of needles plus bad experiences at other dentists. I was dreading this appointment. The whole staff is so kind and patient, they didn't make me feel bad at all for tearing up. I'm used to needing the max anesthetic, but they got me numb quickly, and after that I didn't feel a thing. Strongly recommend them, especially for people who hate the dentist.?

In another review, Erika Kristensen says, ?Dr. Vernon always takes excellent care of my teeth! He is an outstanding dentist who really takes the time to listen and care for his patients. On one occasion, I was suffering from severe headaches and did not know the cause. I had recently had a cavity filled and wondered if that had been the cause. Dr. Vernon took the time to look at my teeth to check into the possibility. Although I don't know if that was the cause, the headaches went away a few days later. Not only did he care for me while I was in his office, he followed up later to check if my headaches were better. His staff is friendly and professional. While I can't say that I ?look forward? to going to the dentist, they make it a pleasant experience.?
