December 28, 2020 -
Calgary, Alberta-based Northland Kia is reaching out to the wider community to share that they are offering the 2021 Kia Sorento for sale in Calgary. Located a short drive away from Northland Village, Cochrane and High River, Northland Kia is dedicated to providing Alberta residents a convenient place to purchase their dream Kia vehicle. More information about the company can be found at the following link: https://northlandkiat3a2l7.s3.ca-central-1.amazonaws.com/index.html.

Giovanni Gonzalez, a representative for Northland Kia, says, ?If you?ve been looking for a new Kia vehicle to start off 2021 with, a vehicle that can offer you comfort, elegance, style and speed, you cannot go wrong with the 2021 Kia Sorento. With an under-the-hood performance that inspires nothing but confidence, brand new driver safety assist technology, ample seating and cargo space and an available turbo powertrain, the 2021 Sorento is the perfect vehicle to take you into 2021 and your next big adventure.?

The 2021 Sorento is a new evolution for Sorentos, going from something akin to a minivan to being a more fully fledged, muscular SUV. As Northland Kia points out, the new generation of the Sorento looks very different from its predecessors, but beyond that, it also comes with a host of additional features. The three-row SUV also has a varied selection of power levels, such as 2.5L, 2.5L Turbo and Turbo-Hybrid. The 2021 Sorento?s new direct-injection or available turbocharged powertrain (both backed by a 10 year/100,000

mile limited warranty) means that the drivers can approach any road with confidence.

The interior looks wholly different as well. Gone are the dated designs, replaced with more modern and digital interfaces, all coming together in a sleek style. At full passenger load, the vehicle allows for seven people to travel comfortably with standard 50/50 split-folding third row seats. The reclining second-row captain?s chairs slide can easily go forward for third-row access and can even be folded over for more cargo space. The vehicle also comes with optional features that include 3D-embossed genuine leather seat trim and 12 speakers which can immerse the passengers in exceptional Bose® surround sound.

Northland Kia?s line of vehicles and their services has earned the car dealership a lot of praise from their customers. On their Yelp page ? https://mgyb.co/s/SZnes ? Gordon J. praises Northland Kia, writing, ?I picked up a 2014 Kia Optima in June 2014 and love the car more now than I did when I got it. Sales and finance were great, and after three service calls on warranty, I have no complaints at all. I've both waited and got rides with the shuttle. In every case, they have been on time or early with their estimates of when things were done. They even had the car washed for me after each call.?

On the company?s Google profile, Lilly Enguillo writes, ?I?ve owned several cars in the past and dealt with different car sales agents, but Robert Campbell from Northland KIA, I would say, exceeded my expectations. He was very courteous and not pushy and not a typical sales guy who would lure a buyer into buying a car that would give them better commissions. Robert had gone the extra mile to make sure that what I would be getting is in line with my current financial situation. Robert made sure that he contacted several banks to get me the lowest interest rate, which is not common to an ordinary sales guy. He made sure that I am happy with my decision and with what I choose. Because he?s more of a Finance person than a typical sales guy, Robert clearly explained the Current and What Ifs financial scenario of owning a brand new car. I will not hesitate to refer Robert to my friends and whoever I meet that I know would be looking or needing a car.?
