

Santa Ana Tree Service Company Tree Service Experts

Santa Ana Increase Fleet

December 23, 2020

December 23, 2020 - PRESSADVANTAGE -

Local Santa Ana, California tree service company, Tree Service Experts Santa Ana, has announced the addition of a new service truck to their fleet of service vehicles. The decision for the additional service vehicle was made due to the increase demand for tree services from the company. With the new vehicle addition, the company can respond to more service calls to provide their high-quality tree and garden care to the Santa Ana community.

More information about Tree Service Experts Santa Ana can be found on their company website here: <https://www.thelocaltreeexpert.com/ca/santa-ana/>

Trees are susceptible to damage from strong winds from storms. They can weaken and become unstable over time due to disease gone undetected as well. One way that tree experts recommend making a tree stable and stronger is through a technique known as tree cabling. Tree cabling is a proactive and preventative technique to support a tree with poor or weak structure. It is commonly used to reduce stress damage on a tree from high winds, weight of ice or snow, and heavy foliage. It isn't something that just any homeowner should try on their own, as it can damage the tree more than it may already be, killing it. Homeowners can refer to Tree Service Experts Santa Ana for proper tree assessment and analysis to determine if their tree is a candidate for tree cabling or if it is possibly diseased. The arborists on the team can offer the best possible solutions for the best outcome.

Company Representative, Sue Ellen, stated, "Health issues in trees can go undetected for long periods of time in the absence of maintenance by professionals that have the right skills. Our team of certified arborists are highly skilled and experienced in all things related to tree care. Because of our team we are uniquely positioned to handle any size or type of tree service job."

Tree Service Experts Santa Ana have arborists certified by the ISA (International Society of Arboriculture).

The Certified Arborist credential identifies professional arborists who have a minimum of three years' full-time experience working in the professional tree care industry and who have passed an examination covering facets of arboriculture. The Certified Arborists at Tree Service Experts Santa Ana have an abundance of practical knowledge. This wealth of wisdom comes from years of experience working with trees. Certified arborists at the company know the best way to do necessary tree care activities.

Company Representative, Sue Ellen, stated, "Our certified arborists manage customer projects to ensure the best possible results of every job. Our goal is to provide exceptional tree service to all residential and commercial clients looking to maintain or improve the natural surroundings of their homes and businesses. While we strive to save every tree we service, sometimes tree removal is necessary. In those cases, we always will use the most up to date and safest methods available."

Tree Service Experts Santa Ana is a family-owned tree service company with over 25-years of experience caring for the natural landscape of communities in Orange County. Questions","keywords":"","datePublished":"2020-04-04T00:00:00Z","dateModified":"2020-04-04T00:00:00Z","dateCreated":"2020-04-04T00:00:00Z","author":{"@type":"Person","name":"TreeServiceRemoval"},"mainEntity":{"@type":"Question","name":"How Much Does Tree Removal

Cost?","acceptedAnswer":{"@type":"Answer","text":"Average Tree\r\n\r\nOn average, you should expect to spend between \$250 and \$550 on the removal of a single\r\ntree. The amount you will have to pay will be largely dependent on how long the job takes and\r\nhow difficult it is. Tree removals in areas featuring underground utilities or buildings nearby often\rncost more.\r\n\r\nIf you have several trees that you would like to get rid of, you should be able to get a discount\rnsince the tree removal crew and the necessary equipment are already on your property.\r\n\r\nSmall Tree Removal Cost\r\n\r\nIf you would like to remove a tree whose height does not exceed 30 feet, you should expect to\rnspend between \$100 and \$300. Being the easiest to remove, small trees feature the lowest tree\rnremoval cost. Examples of trees classified under the \u201csmall tree\u201d category include:\r\n\r\nOrnamental pear\r\nSilver birch\r\nCorkscrew hazel\r\nHawthorn\r\nApple trees\r\nMedium Tree Removal Cost\r\n\r\nIf your tree stands at a height of 30 to 60 feet, expect to spend \$300 to \$700 on its removal. Trees featuring medium height include:\r\n\r\nElm, with a height of 40 to 60 feet\r\nMaple, featuring a height of 40 to 60 feet\r\nLinden, standing at 60 to 70 feet\r\nHornbeam, having a height of 20 to 40 feet\r\nLarge Tree Removal Cost\r\n\r\nTrees with an average height of 60 to 80 feet cost between \$700 and \$1,100 to remove. Examples of trees classified under the \u201cLarge\u201d category include:\r\n\r\nZelkova, with an average height of 50 \u2013 80 feet\r\nOak, which is 70 to 80 feet tall on average\r\nVery Large Tree Removal Cost\r\n\r\nTrees standing at 80+ feet cost between \$1,100 and \$1,800 to remove. This is understandable considering that huge trees require more sophisticated equipment and more experienced personnel. Some of the trees that feature a height of above 80 feet include:\r\n\r\nPine, standing at 80 to 100 feet tall\r\nTulip, with an average height of 70 to 90 feet"}}, {"@type":"Question","name":"How Soon Can You Cut Down a

Tree?","acceptedAnswer":{"@type":"Answer","text":"A wide range of reasons can necessitate the removal of a tree. The most common reasons\r\ninclude:\r\n\r\nDead or Dying Tree\r\n\r\nDead trees often turn into eyesores. Getting rid of these types of trees can help improve your property\u2019s appearance.\r\n\r\nObstructed View\r\n\r\nIf the tree is making your driveway less visible, investing in the tree\u2019s removal may be a good idea. Removing the tree will help reduce the chances of an accident.\r\n\r\nSafety Hazard\r\n\r\nStorms do destabilize trees and turn them into safety hazards. If this is the case with a tree close to your home, you should invest in its removal as soon as possible.\r\n\r\nDamage to Utilities\r\n\r\nTree roots are known to cause damage to underground utilities. Some roots may even damage your home\u2019s foundation. To fix these issues, considering tree removal may be a good idea."}}, {"@type":"Question","name":"How Much Does Tree Service Cost in

Alabaster?","acceptedAnswer":{"@type":"Answer","text":"The tree service cost in Alabaster varies depending on the type of service you want. Since we have already looked at the tree removal cost, below we will look at the average cost of other tree services:\r\n\r\nTree Trimming and Pruning Cost\r\n\r\nHiring a professional to

trim/prune a single tree can cost anywhere between \$80 and \$1,000+, with the typical price range being \$250 to \$500. Expect \$80 for your small tree, \$175 for the medium-sized tree, and about \$250 to \$1,000 for a tree featuring a height of over 50 feet.

Note: Things like diseases, accessibility, pests, etc. can also affect the tree trimming cost insignificantly.

Stump Removal Cost

The average stump removal cost ranges between \$60 and \$350 per stump depending on various factors such as accessibility, type of tree, and most importantly, stump size. If you have a large stump featuring extensive roots on your property, you should expect the complete stump removal cost to be on the higher end.

If the cost of completely removing the stump is out of your affordable range, you can opt to grind the stump. In Alabaster, stump grinding costs an average of \$100 to \$150. The per diameter inch cost ranges between \$2 and \$4.

Arborist Service Cost

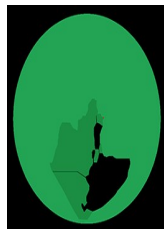

If you need the arborist to help with trimming a small palm tree, \$75 can get the job done. If, however, the arborist has to help with the removal of a 100-year-old oak tree, the cost can be as high as \$5,000. On average, however, most arborist services will cost between \$375 and \$1,500."}}}}
