

Family Dental Practice In Utah Welcomes Patients With Premium Services

January 14, 2021

January 14, 2021 -
American Fork, Utah-based Palisades Dental is inviting the community to stop by and take advantage of their excellent treatment plans. The dental care provider makes patient comfort a priority in every aspect of their services, and this makes them quite popular among local residents.

Palisades Dental is the preferred dental care practice for many local communities, the members of which often assert that there are several reasons why they always choose this office. Dr. Jeff Youngquist, a representative of Palisades Dental, says, "We want to believe that there is more than one reason why our patients choose us over other dental care clinics in the area. First of all, we do not focus on a single area of practice. Instead, we seek to offer the most complete coverage possible, all in one convenient location. This is also complemented by the premium treatment we give to all of our patients, engaging with them as our first and foremost priority."

As a dental care clinic that practices family dentistry, Palisades Dental does everything within their power to offer their patients comfort, convenience and quality without compromise. Their office was built to offer a soothing environment with a welcoming atmosphere that invites all their patients to relax, sit back and enjoy

their visit. This goes a long way in calming the nerves of those who are not fond of dentist appointments. Notably, the benefits of this approach can be felt among younger members of the family as well, as children are always greeted by kid-friendly staff and a gentle doctor who will try to accommodate their comfort and peace of mind.

These are not the only aspects in favor of Palisades Dental, as their office is equipped with state-of-the-art technology and dental equipment. Dr. Youngquist is also one of the most experienced dental care professionals in Utah, wielding over 10 years of experience in the field. Since graduating from the University of Minnesota, he has spent significant time devoted to pediatric dentistry, implants and cosmetic dentistry. Due to this, he feels comfortable seeing patients of any age for any need. His Healthgrades page has some of his patients sharing their experiences with the local dentist, recommending his services to others who seek a reliable dental care provider. This page is available here: https://www.healthgrades.com/dentist/dr-jeffrey-youngquist-2cnyd.

Dr. Youngquist founded Palisades Dental with the vision of making it a place where patients would not fear their next visit. He understands just how difficult and stressful dental work can be for a patient. His favorite job in dentistry is fixing broken or worn front teeth because of the confidence he restores in his patients. He says, ?As a child, I broke my front teeth on a trampoline, so I know what it?s like. No one should have to feel self-conscious about their smile!?

The commitment displayed by the office's staff is reflected in the support and appreciation that the community shows Palisades Dental, as they are widely considered to be one of the best dental care practices in Utah. Through their website, they showcase recent testimonials from satisfied patients that attest to the quality of their services and the positive, welcoming experience they enjoyed. One of their most recent reviews, written by Jeffrey M., says, "Best dentist in Utah. I've been going to Dr. Youngquist for around 15 years, and his work is spectacular. Never had a filling fall out, no pain or problems from them, and my crowns are rock solid. His team of hygienists are friendly and skilled, and his prices are fair. You won't regret coming here."

While their main location is in American Fork, Utah, Palisades Dental sees patients from many of the surrounding towns and neighborhoods. It is not rare for them to welcome residents from Lehi, Highland, Cedar Hills, Pleasant Grove, Vineyard and Orem, all of whom are met with the same outstanding, premium treatment.

The clinic?s website offers more details on Palisades Dental and their services. Interested parties may reach out to Dr. Jeff Youngquist to follow up on any inquiries.
