December 29, 2020 - PRESSADVANTAGE -

Dundalk, MD ? Dundalk personal injury lawyers, the Maryland Injury Guys, have broadcasted the opening of their newest accident law office. Located at 1103 North Point Blvd. Suite 404-A, Baltimore, MD 21224, the new office will be able to serve injury victims throughout Baltimore County. Visit their local firm website directly at: <https://marylandinjuryguys.com/dundalk-lawyers/>

With the inauguration of their latest law firm, the team of accident attorneys forming part of the Maryland Injury Guys hope to better serve their local community. Aaron M. Blank, Esq., one of the founding partners at the firm, offered some comments, ?After having litigated countless accident and injury lawsuits in the Baltimore area, we?ve learned a lot of things. Perhaps most importantly, we?ve learned the difference made in the lives of victims when they have easy and direct access to justice.?

Blank continued, ?Many residents of the Frankford, Dundalk, & Rosedale areas simply don?t understand their rights after an accident. This lack of understanding often leads to inaction after another?s negligence causes them harm. However, when personal injury victims comprehend that the civil justice system can work for them, not just against them, they tend to use legal avenues to their advantage. By

offering our services at no cost for consultations, and on a contingency basis when we're retained, we believe we are greatly increasing the possibility of our community members to seek justice.?

The North Point Blvd. law office was established to serve the following local communities, among others: Frankford, Rosedale, Dundalk, Edgemere, Bayview, Belair-Edison, Graceland Park, O'Donnell Heights, and Fort Howard.

The nature of lawsuits handled by the Maryland Injury Guys includes slip & fall, medical malpractice and negligence, premises liability, personal injury, auto accident, workers' compensation, social security disability benefits, and more.
