Clean Group Continues To Lead The Way In Commercial Cleaning Melbourne

December 28, 2020

Melbourne, Victoria - December 28, 2020 -
Clean Group, a Melbourne-based commercial cleaning company, continues to maintain its position as a market leader in the commercial cleaning industry of Melbourne. Clean Group Melbourne (https://g.page/office-cleaning-melbourne-vic?share) with a collective experience of more than 20 years and a proven track record of delivering excellent cleaning services, the company is often regarded as Melbourne?s #1 Commercial and Office Cleaning Services provider. Clean Group continues to offer its exemplary range of commercial cleaning services to local businesses in Melbourne, even during the COVID-19 pandemic.

Keeping the workplace clean is important, not just because it helps make a great first impression on the visitors but also as a way to protect the health safety of workers and customers of the organization. When the employees in a business are in good health, they are likely to work harder and deliver better performance for the company. At the same time, a business owner/manager cannot always expect their in-house cleaning team to do a good job, especially when the world is dealing with something as deadly as the coronavirus. What they need is expert assistance from professional cleaners, which can only be delivered by an experienced commercial cleaning company like Clean Group.

?We are the number one choice for hundreds of local businesses, including offices, schools and malls, that trust us for their routine cleaning needs. As a leading provider of commercial cleaning Melbourne services, we cater to both routine cleaning and one-off cleaning needs of all types of commercial properties in the region. Having a huge experience in the commercial cleaning industry and a qualified team of expert cleaners enables us to meet the unique requirements of our office cleaning clients and provide services in line with the highest quality standards,? says Suji Siv, owner and CEO of Clean Group.

Unlike most cleaning companies in Melbourne, Clean Group takes pride in being a popular choice of small businesses & enterprises, thanks to their quality services offered at great prices. Indeed, their cost-effective cleaning quotes are one of the main reasons why they are so popular among local businesses,

store owners and office managers. The commercial cleaning Melbourne services provided by Clean Group covers every standard type of business place, including but not limited to, offices, stores, malls, schools, churches, gyms, childcare centres, warehouses, factories, restaurants, hospitals, and more. Read the following news article for different cleaning services https://www.pressadvantage.com/story/37927-clean-group-delivers-professional-office-cleaning-services-in-melbourne

Besides providing routine and one-off cleaning services to commercial establishments, Clean Group also offers specialised cleaning services like after builders clean, NDIS cleaning, end of lease cleaning, disinfection cleaning, etc., allowing business owners to have more time to focus on their core operations. Their after-builders cleaning or construction cleaning service is performed by specialist cleaners who have experience in thoroughly cleaning a newly constructed or renovated property to make it ready to use. Similarly, they provide end of lease cleaning services to help tenants move-in or move-out in a stress-free manner without having to worry about cleaning the place or leaving anything behind.

Another reason why Clean Group is widely popular as a commercial cleaning provider in Melbourne is the company?s strict policy to only use green & safe solutions in their cleaning projects. For instance, the company cleaners make use of proprietary cleaning solutions & equipment that are certified non-toxic. Also, Clean Group is the first cleaning company in Melbourne to use TGA-approved Electrostatic sprayer application technology that, together with Zoono-71 Surface Sanitiser, is certified to kill up to 999.99% of germs on a surface, including the deadly COVID-19 virus.

Clean Group is a family-owned business that is run by a group of people who are committed to keeping serving commercial premises in and around Melbourne, especially in difficult situations such as the COVID-19 pandemic. Even during the pandemic, the company has kept their doors open and continues to provide cleaning services to local businesses, offices & stores as they look to keep serving their customers/clients in safe & clean environments.

Local businesses, commercial establishments and strata owners looking for a reliable cleaning partner for their commercial cleaning needs in Melbourne can contact Clean Group or visit their website for more information about the Clean Group services. Major advantages of choosing Clean Group are discussed in this article https://www.pressadvantage.com/story/38892-clean-group-explains-the-advantages-of-office-cleaning-for-businesses-in-melbourne
