Moving Company In Bristol Offers Price Guarantee

September 17, 2015

September 17, 2015 - PRESSADVANTAGE -

We Like 2 Move It, a moving company in Bristol, United Kingdom, has announced that they now promise to beat any like for like quote for moving services. This offer stands for all their removals services, including home removals, commercial removals, student removals, and national moves. They guarantee that they are able to help anyone at a price that is cheaper than anywhere else in the industry.

"It is said that moving home is one of the most stressful things that people will have to go through during their lifetime," says Yon Alexanders from We Like 2 Move It. "One of the big stress factors is the price of the removal company. We guarantee that we are affordable and our sole goal is to make sure the entire move goes well, thereby also reducing stress levels in people who are moving. It should be an enjoyable experience, and we want to help achieve this."

As can be seen on <http://www.welike2moveit.co.uk>, the company offers a number of specific services. These include home and domestic removals, home and commercial removals, packing services, student removals, and single item removals. Additionally, they are considered to be Bristol's preferred flat pack furniture assembly company. The company also comes highly recommended by numerous real estate agents in the Bristol area.

Those who have used the company have been overwhelmingly positive in their reviews. "Great value for money," say Eric and Vi. "Tony and Tom were very hard working, courteous and helpful, friendly and accommodating to our needs. They even put our bed together. I would recommend them to friends and would definitely use them again if and when we move again in the future."

Many people state that they are surprised at the low prices that are offered by We Like 2 Move It. However, as can be seen at We Like 2 Move it | www.welike2moveit.co.uk, the company doesn't believe in charging more than necessary. And if someone is able to find a genuine like for like quote that does come out cheaper, the company will reduce its price to match it.
