Zothex Flooring, a flooring and tiles marketplace in California, has opened a new location in Vacaville, California. Zothex Flooring is a family-owned business that has been serving residential and commercial properties in the Sacramento and Bay Area for over 12 years. The company also offers services such as in-home shopping and virtual shopping with video calls and its product visualizer tool app for phones.

The store carries carpet, carpet tile, laminate, hardwood, bamboo, linoleum, vinyl composite tile, luxury vinyl tile, and WPC. The company also carries kitchen cabinets and countertops. It also provides in-home estimates. They carry all the major brands like Mohawk, Shaw, Mannington, Armstrong, Dreamweaver, and more for the lowest prices on the market. The company claims its pricing is competitive thanks to its innovative floor solutions and competitive floor selection, its low overhead, and personal approach. The company says that all of these qualities allow them to not only offer its customers the lowest prices but also connect with them in a way that the big box stores simply can not.

Customers can visit the business?s website to view its entire product catalog which can be filtered based on flooring type, features, color, wear layer, thickness, brand, weight, and AC rating. The company also has a blog on its main website where they share articles that help its customers understand flooring and make better purchasing decisions. The company also offers two financing options for customers who can?t afford a lumpsum payment. The company says it provides free shipping on in-store inventory if the final destination is within 25 miles of the store where the item was purchased. There is also a clearance section on the website for those customers who are looking to score a good deal. For further details about products and inventory, it says that customers can contact the store directly by heading over to its Facebook page.

CEO and Founder, Clayton Rodriquez, says, ?We pride ourselves on being more than just salespeople - we?re your partners as you re-design or remodel your home. Flooring is an art form for us and our team has been practicing their craft since 2004. We?ll help you pick a beautiful floor that suits your home and lifestyle from start to finish. Come on in and share your vision with our design experts. We?ll take complementary measurements for you and walk you through the process of choosing just the right floor. If your perfect flooring is in stock, we guarantee that we?ll have it installed in 3-5 business days. We provide the personalized, one-of-a-kind customer service experience you can only find at a small family business.?

A review of the store?s services by V Pandey says, ?John came out quickly at my request to do an estimate, discussed the various options such as underlayment and really listened to what I wanted. He also patiently showed me the various materials in stock. They were able to meet my tight timeline and do a great job installing vinyl laminate in my home. One of the easier times I have had with a home improvement company.?

A review by Michael Davis says, ?Zothex is a wonderful company and they perform like true professionals. Clayton gave me a price and when the job was done, the price was still the same, can you imagine that? I buy and sell properties in Northern California and this is one of two companies that I work with solely. They do a great job, very clean, all products are new. Very trustworthy people. Give them a try.?

The company is accredited by the Better Business Bureau for an A+ rating. It has an almost perfect rating of 4.8 out of 5 from over 50 reviews on its GMB listing. The company also has a rating of 4.5 out of 5 from over 200 reviews on its Yelp page. The company can be contacted directly at its phone number (916) 925-1958. There is also a contact form on the website to reach out to the company in case of any questions.
