

## **Carpet Cleaning Service In Tampa Bay Now Offers Spot Cleaning Solutions**

*September 17, 2015*

September 17, 2015 - PRESSADVANTAGE -

Deep Steam Carpet Cleaning, a business in Tampa, FL, has announced that they are now offering spot cleaning solutions. The carpet cleaning Tampa business has long held a reputation of being one of the most thorough companies in terms of carpet, upholstery and tile and grout cleaning. However, they understand that accidents happen and that some people simply want to clean up that one red wine spill, rather than their entire carpet. Thus, they have now provided a solution for this.

"When a spillage of some sort occurs, many people feel like it is the end of the world," says Alberto Rivero from Deep Steam Carpet Cleaning. "With many carpet cleaning companies, it does indeed mean that the entire carpet has to be cleaned in its entirety. We offer spot cleaning services as well, which means that we will clean the affected area and get rid of the spot. Additionally, we provide a range of hints and tips for free on our website to show people what they can do to minimize any spot stains."

The company understands that having clean carpets is important not just in terms of aesthetics, but also in terms of health. A carpet can look clean, but still harbor thousands of bacteria that can lead to illnesses and breathing difficulties. They want to make sure people incorporate carpet cleaning into their regular routine. To

make this possible, they also offer carpet cleaning Tampa coupons, so that doing this becomes more affordable.

There have been many carpet cleaning Tampa reviews from past customers. "Alberto is absolutely the best!" says Barbara. "We have hired him two times & I would not think of hiring anyone else! He is responsive, professional & detail oriented. I would highly recommend him to clean carpets and upholstery. And, his prices are fair & reasonable for the time he spends and the quality of work he performs."

The business also offers their services in other areas of Florida. These include Brandon, Lutz, Land O Lakes, Wesley Chapel, and Temple Terrace. Their service is fully guaranteed and those who are interested may contact them through the company website.
