April 30, 2021 - PRESSADVANTAGE -

D.I. Auto Care is offering mobile auto detailing services for customers searching online for "Detailing Near Me" in Phoenix, Ahwatukee, and Scottsdale areas. The company also offers other services such as window tinting, auto glass, ceramic coating, smoke removal, ozone treatment, and pet hair removal.

The spokesperson for the company, Paul, says, "We are the absolute best option in Phoenix, Ahwatukee, and Scottsdale for all your auto detailing needs. We hire only the most professional mobile detailing service experts. We guarantee that our customer's vehicle is being cared for by the best people with the best products. When you have your car or truck detailed by a professional who is experienced in the latest technology, you can rest assured that the job will be done quickly and efficiently, right the first time without mistakes. Our vehicle detailing experts have intensive learning about various makes and models of vehicles and know which products are the best for your paint's finish. Additionally, they realize that each vehicle manufacturer has a different hardness of paints and each will require a different treatment. We use only the best waxes and polish to keep the paint looking like new for years to come. You can rest assured that you are getting the best service when you are with us." The company says that they are the best option for those searching online for "Mobile Detailing Near Me".

Car detailing is a thorough inside out cleaning of the car. The process first begins with the upholstery and floor mats. They are removed and vacuumed as applicable. They are shampooed to get all the dirt out and to give it that fresh feeling. The process is started from the upper areas to all the way down where the dust and grime settle due to gravity. Material such as a foam cleanser may also be used. When all the wet materials are used, the area is rinsed with clean water and scrubbed with a damp cloth. The area is then blotted with a dry cloth to remove all the excess water. The excess water needs to be removed because it can cause molding and mildew if left unchecked. There may also be a need to replace parts of the floor mats or carpets with other smaller pieces from hidden areas. This treatment is best suited for smaller areas with holes or burns in them. The company claims to be the go-to expert for car owners searching online for "Auto Detailing Near Me".

To reach within the crevices and hard to reach corners, the car detailing professional may use compressed air to force out the hidden bits of dust and particulate matter. An all-purpose cleaner may be used to clean the dash and restore its shining surface. The areas such as the car's AC vents and grills can be detailed using detailing brushes are built specifically for getting into those areas. This removes dust accumulated from constant use. Different materials and surfaces in the car require different materials and cleaning techniques which are best left to be taken care of by professional detailers.

D.I. Auto Care specializes in auto detailing of cars, trucks, motor coaches, RVs, planes, boats, and high-performance cars. The founder of the company, Paul, has been detailing cars for over 34 years. He has a 5-star rating on Google and Yelp. The company is insurance approved making the process seamless for the customer.

The company has a near-perfect rating of 4.8 out of 5 on its Google My Business page. A testimonial by Haylee Jimeno says "Really quick and great service I would recommend and go back to him again when needed. My main concern was to get rid of the nasty smell in my car and Paul was able to do so!"

The company is located at 4747 E Elliot Rd, Phoenix, AZ 85044. It can be reached at the phone number (480) 233-1529 via phone call or text. The business is open from Monday to Sunday from 5 am to 10 pm.
