

D.I. Auto Care Is Offering Auto Detailing Services In Phoenix, Ahwatukee, And Scottsdale

June 25, 2021

June 25, 2021 - PRESSADVANTAGE -

D.I. Auto Care is offering mobile auto detailing services for customers in the Ahwatukee, Phoenix, and Scottsdale areas.

The company offers its services on all kinds of cars, trucks, motor coaches, RVs, planes, boats, and high-performance cars. The founder of the company, Paul, has been detailing cars for over 34 years. He has a 5-star rating on Google and Yelp. The company also offers services such as interior and exterior detailing, waxing, buffing, window tinting, auto glass, windshield replacement, ceramic coating, smoke removal, and ozone treatment. The company is insurance approved making the process seamless for the customer.

The company says that mobile auto detailing can help customers save time, money, and headaches. Customers can ask a mobile auto detailing professional to come to their home or office at their convenience. The car can be washed and waxed on site while the customer is attending to more important matters. The company says that mobile auto detailing makes a lot of sense if someone has a packed schedule and doesn't have the time to take their car to an auto detailing center or the dealership. A mobile auto detailing professional can visit the home or workplace at a time that is convenient for the customer.

The company also says that mobile detailing professionals have to compete with others on service quality and price. Due to this competition, customers can select a provider who is known to provide good service at a reasonable price. Once they are happy with the service, they can ask the service provider to clean their car regularly. A mobile auto detailing professional can provide customized services in the form of a variety of car detailing packages along with special services that are tailored to the customer's needs. Customers can ask for washing and polishing of the exterior of the car, vacuuming and cleaning of the interiors, full interior detailing, dent and scratch removal, and more.

The company says that a professional detailer will take pride in their work and strive to provide a

personalized service that makes their customers happy. A mobile auto detailing professional will have convenient equipment, and appropriate cleaning materials to do a good job. A car wash may not provide the same level of personalized service. The company says that once the customer finds a professional who provides great service at a fair price, they can consider scheduling sessions at regular intervals. There is no need to keep track of when the next session is due. The professional will remind the customer about it and show up at a convenient time.

The company says that its professionals use only the best waxes and polish to keep the paint looking like new for years to come. According to the company, there are many individuals who take the most extreme consideration of their own assets, particularly their vehicles. For them, their vehicles are the most prized ownership that they possess, and accordingly, they don't underestimate anything. Such individuals frequently have their vehicles detailed by a professional. The company says that it only hires the most professional mobile detailing services experts who guarantee that their customer's vehicle is being cared for by the best people with the best products.

A spokesperson for the company, Paul, says, "Car detailing is not just something that people think is easy to do. It isn't. In fact, a proper auto detail can add hundreds of dollars of value to the value of your vehicle. Our professionals have seen it all and done it all. Whether it is interior or exterior detailing, by signing up for our service we guarantee that you are giving your car the best care that it can get and deserves."

The company is located at 4747 E Elliot Rd, Phoenix, AZ 85044. It can be reached at the phone number (480) 233-1529 via phone call or text. The business is open from Monday to Sunday from 5 am to 10 pm.
