San Gabriel Dentist Receives 5-Star Testimonial From Patient

January 12, 2021

January 12, 2021 -
InStyle Dental, a San Gabriel, CA-based dental office, recently received a testimonial from a pleased patient. Isaiah P., who visited InStyle Dental to get braces on his grandparents? recommendation, left an excellent review of the dental office that states, ?Dr. Kar and his staff are amazing. I was referred to them by my grandparents, who had been going to them for years, so I decided to give them a try, and I am very happy. I just finished getting my braces (which I had for 2 years) off, and the results are amazing! Thank you, Dr. Kar and your staff, for your continued support. I can never see myself going elsewhere.?

The dental office is always happy to receive positive feedback from patients, and Isaiah is only one of many happy patients who have had the InStyle Dental team work on their teeth. The San Gabriel dental office is always looking to ensure that it maintains the highest standards of dentistry. This has allowed them to build a reputation among San Gabriel residents as the go-to dentist for any and all dental procedures. Their website can be found here: https://www.pressadvantage.com/i_organization/instyle-dental.

Treating patients as individuals deserving of individual treatment is one of the aspects that sets InStyle Dental apart from other dental offices in the area. A patient can be sure to receive attention promptly upon arriving at the dental office (where they will receive the dentist?s undivided attention). Each appointment is reserved exclusively for specific patients, and the InStyle Dental team is always happy to listen to a patient?s concerns regarding their oral health. They make it a point to ensure that every patient is well informed about their oral health and any procedures which they might undergo. Each patient is given an in-depth, informative talk about all their options regarding oral health ? which allows them to make the best choice.

?We are here to provide care for your entire family,? the dental office says. ?Children and adults are welcome, from 1 to 101. It?s never too early or too late to take care of your smile. We offer general preventative and restorative services, orthodontic treatment such as conventional braces and Invisalign clear braces as well as implant placement, cosmetic dentistry and periodontal care. We have a Family Dentist, Pediatric Dentist, Periodontist and Orthodontist here in our San Gabriel office. We understand that dental care can sometimes be expensive or come at an inconvenient time. Our philosophy is that preventative care

is the key to avoid this costly restorative treatment. However, if that occasion should arrive, we have outside financing that can help make dentistry affordable for you.?

Finding a good dentist can be very difficult, and there are a number of factors one must consider when trying to locate a decent provider. Price is a very important consideration for many people, for instance, and InStyle Dental understands this. The dental office makes it a point to always make treatment as affordable as possible for patients. Where two treatments or products are equally as effective, InStyle will always offer the less expensive option. The patient?s well being is always the number one priority, however.

Isaiah?s braces testimonial is not the only great review of the dental office. San Gabriel residents who choose to visit InStyle Dental often leave great reviews of their work. One such patient, Tracy T., says, ?I?ve been coming to Instyle Dental for quite some time now, and I have to say the entire staff is always so friendly. Dr. Kar is an awesome dentist, definitely recommend him to anyone who wants a pearly white smile. The dental hygienist always does such a thorough teeth cleaning.?

Another patient, Venus P., says that they received an, ?Absolute great service. Service is quick, efficient and done correctly. Staff are knowledgeable and friendly. Staff is great with adults and children. Myself and my three children, aged 10, 4 and 2, have all had great experiences for the past 3 years. Definitely would recommend them.?

Find out more about the dental office online at their website and other online resources. Patients may contact the dental office directly to schedule an appointment as well.
