“Because our banquet center is located within a golf course, not all potential event organizers are aware of the range of events we host,” the CEO of Mile Square Banquet Center, Scott Chaffin said. “That’s why we wanted to team up with Bliss Drive, to get our name out there in front of people who might not have known our banquet center and our beautiful wedding garden could be the best location for their next event.”

Mile Square Banquet Center, located within the Mile Square Golf Course is, according to the Mile Square

Banquets Website, the area's premier location for wedding ceremonies, receptions, private parties and corporate events. Mile Square Banquets, in addition to the option to host an event in their lush, outdoor Wedding Garden, also has banquet rooms available for indoor events.
