Winston Salem Roofing Company Receives Another Glowing Customer Review

January 13, 2021

January 13, 2021 -
Winston Salem Roofing Company, Grace Roofing and Construction, is very pleased to announce that it has been given yet another glowing online review from a very satisfied customer.

John Webster recently wrote that the company is not only extremely professional, but punctual, and helpful. In particular, Mr. Webster wrote that the company ?ultimately helped me make the best decision for my roof. When it came time to do the job, Grace Roofing had a very professional, efficient team. Everything went as I was told, the crew was professional and courteous, and in the end, I had the roof I wanted. I would highly recommend Grace Roofing to homeowners in the Winston Salem area.?

Richard Sakowski, a spokesperson for Grace Roofing, said that although the company nearly always receives very good reviews, they found Mr. Webster?s feedback to be particularly gratifying. He went on to say, ?We take great pride not just with regard to the roofing work that we do, but also in how we treat our customers and how we behave. We are professionals and not some fly-by-night firm, and the feedback we receive shows just that.?

Customers looking for Winston Salem Roofing reviews often start at the Better Business Bureau because it is so well known by most people. Mr. Sakowski said, ?Our company has maintained an A+ rating at the BBB in the Winston Salem area for more than 12 years, and prospective clients should look there too, before getting in touch with us. We literally strive for excellence,? he said. The company also mentions, in their business information that they are committed to complete customer satisfaction.

One local purchaser of roofing services wrote the following about Grace Roofing: ?From start to finish the roofing work was done in a timely manner, and Richard and his team were very professional and pleasant to be around. After the job was done we were extremely happy with how the roof turned out, and the clean-up was immaculate. They went above and beyond to make sure the back yard, where our dogs are kept

primarily, was cleaned daily along with our entire yard, and we honestly haven't found a loose nail yet. I went up in our attic yesterday night during the thunderstorm and it was bone dry. We will, and definitely would recommend this company to family and friends A+.?

In addition to their well-known services and commendable work ethics, Grace Roofing additionally offers Winston Salem Roof Financing to qualified customers. Working with a company called Enhancify, Grace has made it easier for prospective customers to spread the payments out over time should they qualify for any of the financing options.

In order to apply for these financing opportunities, the first step would be to obtain a no-obligation quote from Grace Roofing itself. Then, and again without obligation, prospective clients should go to Grace Roofing?s website and look for the ?New Roof Financing,? option and click on the link to Enhancify.

Once on Enhancify?s website, they will find a brief application form that will need to be completed. The application will not affect the customer?s credit score in a negative way. Once completed, a customer will be presented with several financing options should they be eligible. Depending on the option chosen a new roof could be financed for as little as $100 per month.

?Many people are concerned, when they are considering looking for financing, that the application itself will lower their credit score. Nothing could be further from the truth. Yes, Enhancify will look at credit scores. But it is done with a 'soft pull', which won?t inflate anyone?s interest rates,? Mr. Sakowski continued. ?Once funding is arranged, then we are able to go ahead and get started on the roof.?

Grace Roofing and Construction is located at 4011 Village Trace Drive in Tobaccoville, North Carolina. Interested parties should go to its website at www.graceroofingnc.com/contact-us/. The company can also be contacted by phone at (336) 443-6984 or by email at graceroofingnc@gmail.com.
