

New 5-Star Review Adds to the Ever-Growing List of Roof.Net Satisfied Customers

January 26, 2021

Fairfax, Virginia - January 26, 2021 -
Roof.Net has just added another 5-star review from an extremely satisfied customer. This is something that has become commonplace for this Fairfax, VA roofing contractor as their crews continue to excel in timeliness, workmanship, job site cleanliness, and customer service. This was no randomly generated review either as it?s a verified review that was posted on the website of the reputable business overwatch group Yelp. The webpage where this review was added can be seen here at https://www.yelp.com/biz/roof-net-fairfax-4?hrid=c5M2k4Qsqn3UiHqnJDe1Dg.

In the above-mentioned Yelp review, Eric H. says, ?A 100% positive and professional experience from start to finish! I called Ken based on his great rating here on Yelp. He came out the next day, explained everything he would do in detail and I never felt any pressure. He uses only top-quality products but his estimate was far more reasonable than a competitor offering pretty much the same. He got me on his schedule right away and his team was on time. The work was done efficiently by a crew that clearly took pride in their work. Kudos on the cleanup, you would never know they were here! The result is beautiful. Thanks Ken!? This is just 1 of 138

reviews that have been left on Roof.Net?s Yelp listing where they average an outstanding 5 out of 5-star rating. The company?s Yelp listing mentioned that quite impressively this roofing company even answers their customers? requests for quotes in less than an hour 95% of the time.

Yelp is not the only website where this Fairfax roofer has compiled a remarkable list of glowing reviews on their services. The over 400 positive reviews that were left on their Google Maps Business Listing, which also average a 5 out of a possible 5-star rating, may be even more notable than those left on their Yelp listing. In an example of one of those reviews, Molly McKnight says, ?Ken and his team were very professional, communicative, and overall great to work with! The crew arrived promptly on time and finished the job quickly and well; prices were fair and transparent. If you need to get your roof done, then I definitely recommend you reach out to Ken!? Several glowing reviews have also been left on this roofing company?s Facebook Page which can be seen at https://www.facebook.com/roofrepairva.

With the numerous amounts of perfect 5-star ratings this roofing contractor has received, it?s not hard to see why they have been recognized for their excellence by so many different organizations. This includes having a BBB best rating of A+, being a ?Best of the Best? National Award Winner 5-years running, and the recipient of 17 other various national awards for outstanding overall business performance.

The company owner, Ken Briesemeister, says, ?We are proud of the fact that we are one of the most reviewed roofing companies in America having amassed over 2500 reviews across several different platforms. Those at our company are even prouder of the fact that not a single one of these reviews showed a less than satisfactory rating and an overwhelming majority of them gave us perfect marks. It took a lot of exceptional hard work and dedication on my employees? part to achieve such an unprecedented level of customer satisfaction. I can?t thank them enough for that. We all pledge to continue to do whatever it takes to maintain the level of service that our roofing company is so often complimented on.?

Briesemeister went on to say that the unprecedented level of success they have achieved has also had some unexpected outcomes. Among these is the fact that they have gotten so busy that at the current time they are only taking on whole roof replacements for the most part. He says this is definitely their signature service and that?s why they like to concentrate on it more than anything else. The company owner added that they still do some other roof repairs and leak detection on occasion and of course all warranty work is always a priority for his company. More information on this company?s quality roofing services can be seen on their website or in this short YouTube video that?s found at https://www.youtube.com/user/VirginiaRoofer1.
